BERLIN, Feb. 2.—Obviously echoing the instructions of high officials, the mobilized German press today reached a new high point of furious vituperation in hurling at President Roosevelt such abusive epithets as peace disturber, sabre-rattler, war monger and traitor-blazer for "Jewish Bolshevism in the United States."

Leading editorials in the newspapers were devoted almost exclusively to President Roosevelt and his conference in Washington with the senate military affairs committee.

Lashing out at Roosevelt, the principal newspapers charged him with abandonment of American

PA NEW OBSERVES

Two young men, Claire W. Smith, of Dewey avenue, and Lewis Gentile, of Croton avenue, erected a shelter for game about a month ago in the woods near East Brook. They bought another 50 pounds of scratch feed Wednesday. They go out to the feeding station about a couple of times a week to feed the quail, pheasants and other wild life. Claire is a member of the Lawrence County Sportsmen's Association.

Riding in the Croton bus over Walnut street is rather rough going, and passengers remarked it felt like riding over cobbles and hoped it would be one of the first projects of surface treatment in the spring.

Pa New has learned of a new way to remove the snow from the pond to prepare it for ice skating. You attach a scoop shovel to the lawn mower (yes, we said lawn mower) and just skate along right with it. This method is much quicker than the shoveling method.

Pa New has taken care of everything and no one should find it necessary to worry about Mr. Groundhog seeing his shadow. Pa New's dog is stationed by Mr. Groundhog's home, and when he attempts to venture forth, the dog will send him right back home.

A quail is recovering in Mt. Jackson today after being rescued from a sad plight by Rev. Ray Woodburn, and H. A. Butler. Rev. Woodburn found the bird and took it to Mr. Butler, who discovered its craw to be broken. Butler "operated" on the quail and picked out 63 kernels of cracked sweet corn. According to reports from Mt. Jackson the bird is on the road to full recovery and will again be able to wend its way in flight through field and thicket.

It is less than three weeks until the beginning of Lent, February 22 is Ash Wednesday. Faster comes on April 9 this year.

Daily Weather Report

United States weather statistics for the 24-hour period ending at five p. m. Wednesday are as follows: Maximum temperature, 37. Minimum temperature, 16. No precipitation.

Statistics for the same date a year ago, follow: Maximum temperature, 28. Minimum temperature, 10. No precipitation.

Groundhogs At Gaston Park Zoo Fail To Hear Alarm Clock This Morning

Although this is traditional Groundhog Day, the groundhogs in captivity in the Gaston Park Zoo did not leave their place of hibernation up to noon. Owen P. Fox, in charge of the zoo, believes it is not likely they will appear today.

However, on Tuesday afternoon, they were out about half an hour, and fed on bread and apple peelings, he reports. Since the first of December they have been out at least five times, and have eaten the food placed for them and taken their winter drink of water.

This has been the habit of the groundhogs in captivity at Gaston Park for a number of years.

Under the circumstances, we will have to infer that Mr. Fox's groundhogs got mixed in their dates and came out Tuesday instead of today, went back in and will "Rip Van Winkle" for another six weeks. While there will be much controversy over whether or not the shadow was seen today, it is safe to predict that there will be six weeks more winter anyhow.

Industrial And Technical Alliance Tacitly Agreed Upon By Roosevelt, Is Assertion

By CHARLES A. SMITH

LONDON, Feb. 2.—An assertion that President Roosevelt tacitly has agreed to an alliance among the United States, Great Britain and France in industrial and technical fields came today from a high British government authority.

The agreement, it was stated, is aimed at swinging the balance of aerial military power from the totalitarian states to Europe's democracies.

In addition, by making this agreement, the American president has paved the way for Britain and France to purchase United States war planes—a matter which is now undergoing a close scrutiny by the United States Congress in Washington.

"Business Common Sense"

The London Daily Express, commenting in an editorial on President Roosevelt's reported declaration that America's frontier is now in France, termed the president's stand "business common sense."

The editorial went on to hint in broad phrases that the United States is interested only in selling American airplanes.

According to the government source, Britain and France will now be able to take advantage of America's industrial capacity and technical resources to overcome Italian

WASHINGTON, Feb. 2.—President Roosevelt was called upon today by Republican and Democratic members of the senate to "clarify" U. S. foreign policy in an open statement to congress and the country.

Developments in the American preparedness program and the extension of help to Europe's democracies in their drive to rearm against the dictators, came swiftly in the president's own cabinet and on Capitol Hill.

Senators Vandenberg (R, Michigan, often mentioned as a presidential possibility, and McCarran (D, Nevada, were outspoken in their insistence that "the people have a right to know what is going on."

Two Per Cent Gross Income Tax Proposed

Suggested As Means Of Providing \$60 Monthly For
Everybody Over 60
Years Of Age

(BULLETIN)

WASHINGTON, Feb. 2.—A two per cent gross income tax to yield more than seven billion dollars a year was proposed today before the House Ways and Means Committee to finance an old-age pension plan to provide \$60 a month for everybody over 60.

The plan—that of the general welfare group—was put before the committee by Rep. Harry Sheppard (D, California, leader of the congressional supporters of the pension, and Arthur L. Johnson, legislative representative of the group.

Huge Deficit Is Faced By State

Governor James Declares
Expenses Must Be Cut
By Millions

NO NEW TAXES
ARE CONSIDERED

(BULLETIN)

HARRISBURG, Feb. 2.—Gov. Arthur H. James indicated today that Pennsylvania is faced with a deficit that may exceed \$100,000,000 in the 1939-40 biennium.

In order to run the state government for the two-year period, expenses must be reduced by \$118,000,000 "to bring it within the income the present taxes produce," asserted the governor.

He stated unequivocally that he would recommend no additional taxes.

Referring to his budget message schedule to be submitted Monday to the legislature, the chief executive reiterated:

"I'm not recommending any additional taxes. I'm not in a position to say what the legislature will do, but I don't want any more money from the people of Pennsylvania than is possibly needed to run the government."

"You remember what I said at election. I'm not for any more new taxes. I'm going to try to run the government without them."

"Some day, when we get our house books all in order, we might even be able to make adjustments in certain taxes and attempt to equalize them."

Governor James addressed newspapermen gathered at his forenoon press conference.

Expect Ice Gorge At Kittanning To Move During Day

(International News Service)

PITTSBURGH, Feb. 2.—With more rain and additional mild temperatures over western Pennsylvania, a 10-mile ice gorge above dam No. 8, near Kittanning, was expected to let go today, but without danger to river points.

Despite the length of the gorge, both weathermen and U. S. engineers claimed there would be no appreciable rise in the rivers of the area when it broke loose.

After reaching a high of just 18 inches below the flood stage early yesterday, the Allegheny river has steadily fallen off to a height of 17 feet last night.

A new cold wave will probably follow today's rain, according to Weatherman W. S. Brotzman.

State Pays \$471,892,548 Federal Taxes In 1938

By ARTHUR C. WIMER
(Special Washington Correspondent, New Castle News)

WASHINGTON, D. C., Feb. 2.—Uncle Sam collected slightly less taxes from Pennsylvania taxpayers last year than in 1937, the Bureau of Internal Revenue disclosed today.

Collections of all federal taxes in the Keystone State totaled \$471,892,548 in 1938. This compared with \$473,630,189 in 1937, a decline of not quite two million dollars. Such collections in the country at large also fell off to a small degree.

In Pennsylvania collections of corporate income tax rose from \$89,312,014 in 1937 to \$104,273,549 in 1938. Individual income taxes declined from \$111,576,570 to \$105,333,035. Miscellaneous taxes dropped from \$203,721,204 to \$197,723,348, and payroll taxes decreased from \$69,020,400 to \$64,562,612.

MOTHER AND SON BURN TO DEATH NEAR BUTLER, PA.

(International News Service)

BUTLER, Pa., Feb. 2.—Authorities today were attempting to determine the cause of the blaze which last night took the life of a mother and her six-year-old son.

Mrs. Anna F. McKinnis, 29, and her son, Clyde John, Jr., were burned to death when fire destroyed their two-story, seven-room house at Homeacre, three miles west of Butler.

Clyde J. McKinnis, Sr., 42, said that the fire in the furnace of the home was apparently in a safe condition when he left for work at the American Rolling Mill company plant here.

German Paper Commends Speech Made By Hoover

(International News Service)

BERLIN, Feb. 2.—Turning from its raking criticism of President Roosevelt for his stand in support of Democracies against dictatorships, the Berlin newspaper Nachrichten today hailed Herbert Hoover's radio address as a "statesman-like speech."

In a lengthy dispatch from its New York correspondent, the newspaper said: "For every German living here (in the United States) it was a comfort to hear such a statesman-like speech at a time when waves of war and agitation and anti-German agitation are running high."

New Castle Girl Tells Of Press Conference With U. S. First Lady

At recent press conference at the White House, Washington, D. C., when Mrs. Eleanor Roosevelt, wife of the president received women members of the press, Miss Layte Thomas Wheeler, a New Castle girl, who is a student at Chevy Chase School, at Washington, D. C., was present. Her impressions of the conference are given in the following:

When I attended Mrs. Roosevelt's press conference I expected to be overpowered by the formality and dignity of the White House. I was in for three distinct surprises. The greatest of these was the give-and-take way in which the newspaper women of the nation's capital considered their assignment to cover the First Lady. It was all in the day's work for them and they showed it. They came dressed in every day clothes, as if ready for a police court story in the afternoon.

When I arrived I was ushered into one of the down stairs parlors, where the women journalists, supposedly the best in the land, awaited the weekly conference hour. After a brief wait, we were directed upstairs to the Munroe room, where light gossiping continued unabated until Mrs. Roosevelt arrived.

War Lies Along Road Of President's Policy Warns Herbert Hoover

(International News Service)

CHICAGO, Feb. 2.—War lies at the end of the road being taken by President Roosevelt in his foreign policy, according to former president Herbert Hoover.

To avoid such a catastrophe Hoover demands that congress and the public be allowed to aid in moulding the nation's policies toward the rest of the world.

The death of liberty and universal dictatorship, he said, would be the inevitable result of another great war no matter for what cause it was waged.

Hoover based his denunciation of the president's stand toward foreign countries on the address in which Roosevelt advocated quarantining aggressor nations abroad, and from more recent neutrality pronouncements.

"Mr. Roosevelt," Hoover said in a speech last night before the Chicago Council of Foreign Relations, "proposes to expand these policies and that we make effective protest against aggression upon sister nations. He says we must use methods stronger than words and short of war."

Steps Are Listed

Hoover thereupon listed four steps, which, he said, must be taken to follow such a program.

1. "The only effective methods short of war and more than words are that we support one side with (Continued On Page Nineteen)

State Owned Planes Ordered Grounded

Governor James Has No Ambition For Title Of "Flying Governor"

(International News Service)

HARRISBURG, Feb. 2.—Governor James indicated today he does not covet the title of "flying governor" held by his predecessor, former Governor George H. Earle.

Only on rare occasions, he said, will he resort to air travel. Earle, a licensed pilot, flew his own plane in the meantime, the state's six planes remained grounded as Gov. James forbade use of them without his approval.

"I want to make a complete survey of the aeronautical situation," explained the governor. "I don't want it to be a sporting proposition."

Asked why he grounded the planes he replied: "I heard the state airplanes were used on occasions when there was no need for them."

At the same time the chief executive asked cabinet officers to restrict their use of state cars to official business.

Denies Exchange Fund Is Used For Foreign Financing

(BULLETIN)

WASHINGTON, Feb. 2.—Secretary of the Treasury Morgenthau today vigorously denied that the \$2,000,000,000 exchange stabilization fund had been used to finance foreign munitions purchases in the United States.

At the same time, Morgenthau declared himself as emphatically opposed to giving full publicity to the funds transactions as demanded in several congressional quarters.

WASHINGTON, Feb. 2.—A combination of senate Democrats and Republicans claimed today they have lined up a majority of the Military Affairs committee members to make public the secret hearings on the national defense program.

The five Republicans on the committee agreed to fight for public hearings and to make public at least part of the testimony already taken by the committee in secret. They said they will be augmented by enough Democrats to force such action.

Some Statements To Be Secret

It appeared likely that the testimony taken on the activities of the official French air mission in the United States would be censored before released to the press. During the secret sessions on this mission, it was revealed, ranking army and navy officers, as well as cabinet members made certain statements the members believed should be kept secret for defense purposes.

The hours of debate in the senate yesterday during which both Democrats and Republicans protested against the series of secret sessions that have been held at the instance of administration leaders, was considered merely a curtain raiser to what is expected later on. Special Federal Grand Jury To Probe Manton

(International News Service)

NEW YORK, Feb. 2.—A special federal grand jury was being summoned today to meet Monday and begin an inquiry into the business and tax affairs and judicial career of U. S. Circuit Court Judge Martin T. Manton who resigned under fire.

U. S. Attorney Gregory F. Noonan who obtained an order for the special jury under orders of U. S. Attorney General Frank Murphy, meanwhile continued presenting evidence to the sitting grand jury. This will later be transferred to the new grand jury. State income tax authorities are making a second investigation of the records of 25 or 30 corporations in which Manton is reportedly interested. District Attorney Thomas A. Dewey may also press charges before the county grand jury which convenes March 2.

Planes Damage Ships

Insurgent war planes raided the port of Cartagena, damaging warships there and scoring direct hits on the docks, the Salamina announcement added.

At Gerona, government officials admitted the insurgents had advanced on the coast but said Franco's legions had been repulsed at all other points.

With the fall of Vich, only two more major government strongholds remain before the insurgent forces battling their way forward toward the French Pyrenees border.

These remaining strongholds are the cities of Gerona and Figueras. Meanwhile, at Figueras, where the government has taken up headquarters, Premier Juan Negrin addressed a meeting of his parliament in the underground cellar of the citadel.

He declared the government would fight for every inch of Catalonia (Continued On Page Two)

Report 100 Soviet Troops Cross Border

(International News Service)

TOKYO, Feb. 2.—The Japanese news agency Domei reported today that 100 Soviet troops crossed the Soviet-Manchukuo border 80 miles northeast of Manchukuo this afternoon.

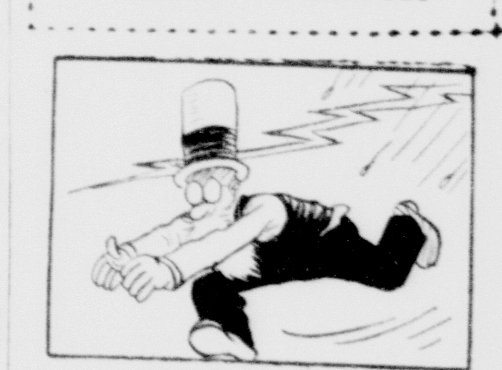

Japanese forces opened fire and drove off the Russians, who left behind five killed and three wounded, the dispatch stated.

This was the second clash along the border reported in as many days. Yesterday the Russian government, in a formal note to Tokyo, protested an alleged clash in which, it was stated, seven Manchukuoan soldiers were wounded and a Soviet section commander slightly hurt.

The Manchukuoan government protested to the Soviet consul at Harbin about the border incident.

There were no Japanese casualties in the fighting, it was stated.

Mrs. Hildebrand Honored At Wimodausis Club Spring Party

The approaching spring season was officially ushered in Wednesday afternoon at one of the loveliest parties ever undertaken by Wimodausis club women, who entertained at a luncheon in the Cathedral to honor Mrs. G. Dallas Hildebrand, elected president to serve a third year. The occasion was attended by guests numbering upwards of 225.

Under the splendid chairmanship of Mrs. Harry Hammond, who had charge of general arrangements, Mrs. Louis B. Round, program chairman; Mrs. Charles E. Allen and Mrs. C. M. Propst and aides, the afternoon was an overwhelming success.

During the period of serving the delicious luncheon menu, music was contributed by a group of local musicians. The banquet tables were attractively arranged in spring colors, flowers being used as centerpieces, set off in the glow of stately, lighted green tapers. Pyramids of double crystal dishes, tied with pastel ribbons, placed at the ends of the committees and honored guests' tables, were later distributed as favors.

A bit of "lavender and old lace," reminding one of a quaint Colonial town, was the predominating theme of the afternoon. The stage setting at one side of the room, represented such a scene, lending a perfect background. Mrs. Hildebrand was escorted to the platform by Mrs. W. A. Pond, the latter being attired in an orchid satin colonial gown and transformation typical of that worn by Martha Washington. The guard of honor which ushered the guest of honor to the front, was led by Miss Billie E. Glenn, in tuxedo. In the line of "little women and men" were Misses Marilyn Calvin, Rosemary Place, Violet Tobin, Patty Rowland and Eva Mae DeMase.

Miss Ruth Gahles and Miss Viola Dufford were associate hostesses to the Kappa-Chi-O club members on Wednesday evening in the former's home on Wilmington avenue. Bridge claimed the attention of the guests during the evening, prizes for high scores being awarded to Miss Gahles and Jane Smith. At the conclusion of play, a tasty lunch was served by the hostesses.

On February 15 Miss Ruth Loy, Moody avenue, will entertain the group in her home.

A meeting of the Jewish Junior League was held Wednesday evening at the Cosmo club rooms, with the following hostesses in charge: Misses Lillian Rosenberg, Sylvia Saul, Rose Katz and Nettie Rogovan.

Plans were further discussed for the card party scheduled for February 27, at the Cosmo club. Reservations, steadily coming in, indicate a large attendance.

A special party has been planned for St. Valentine's Day, February 14, at a club house, with Miss Estelle Waldman, chairman, in charge. She will have as aides, Miriam Shapiro, Dora Winick, Ina Rosenberg, Anne Baron and Esther Grossman.

In conclusion, refreshments were served by the hostesses, and plans for their next meeting on Monday, February 20, were outlined by president, Anita Baltimore. It will take place in the Cosmo club.

G. O. F. Club

Mrs. Sam Mallela entertained members of the G. O. F. club at her home on Grant street Wednesday evening. Mrs. James Lombardo and Mrs. Carl Landolfi were special guests.

Prize winners for games of cards were Mrs. John Corio and Mrs. Benny Augustine. Dainty refreshments were served by the hostess.

Mrs. Benny Augustine will receive members at her home on Cunningham avenue February 15.

Harold Green entertained for her husband at a birthday dinner party on Wednesday evening in their New Wilmington road home. The hostess was aided in serving the delicious dinner by her daughter, Virginia, and Eleanor Mae Wilson. A huge birthday cake centered the table.

Following, various games were played. Twenty-three attended the event.

Mr. Green was the recipient of many handsome gifts.

1934 Jolly Quilters

Mrs. John Ulrich entertained members of the 1934 Jolly Quilters at her home on Beckford street Wednesday at an all day meeting.

A delicious dinner was served at noon and assisting with the serving were Mrs. Agnes Miller and Mrs. Carl Weaver. Places were set for 12. Members will meet again on February 25 for the next meeting with Mrs. Ulrich.

Special guests were Mrs. Agnes Miller and Mrs. Carl Weaver.

Class Members Meet

Richardson Bible class members of the First Presbyterian church met in the church assembly rooms Wednesday evening for a business and social meeting.

Four new committees were appointed to serve the 1939 term. Refreshments were served later by co-hostesses Mrs. Harry Grammer, Mrs. L. J. Foster and Mrs. Frank Eicholtz.

The next meeting will be Wednesday, March 1, at the church.

Graduation Party

Mr. and Mrs. Veto Lucidore recently entertained a group of relatives at the club rooms on Morton street, in honor of the graduation of Mr. Lucidore's sister, Charlotte Lucidore.

Games, dancing and singing were enjoyed and following the hostess served a delicious luncheon, assisted by Mrs. A. Phillips and Mrs. Jennie Lucidore.

Charlotte was the recipient of many lovely gifts.

W. W. T. Club Meets

Michigan was played all evening at the meeting of the W. W. T. club Wednesday in the home of Mrs. J. R. Meers, Butler avenue. Prizes for this pastime were awarded to Mrs. Lucy Covert and Mrs. Warren Starr. Candy and nuts were served through out the evening.

On February 15, Mrs. J. A. McFall, Sr., Orchard Way, Walmo, will entertain.

1923 S. L. Change

Mrs. Thomas Lally, Orchard street, will entertain the 1923 S. L. members on Wednesday, February 15, the meeting for Wednesday evening having been postponed.

all wearing pink Colonial toe length gowns, and Junior Scungio, in tuxedo. The march formed a huge "W" representing "Wimodausis". A song, composed by Miss Glenn, was sung to Mrs. Hildebrand by Patty Rowland and a special acrobatic number was contributed by Marilyn Calvin.

In the presentation of a beautiful gift to the guest of honor, Mrs. W. A. Pond cleverly told in verse of the splendid manner in which she, Mrs. Hildebrand, has piloted the "Wimodausis Ship".

Delighting the audience was the Westminster Quartet, composed of Henry Hudson, first tenor; Kenneth Fulton, second tenor; Robert Himes, baritone; John Davis, bass; Clayton Taylor, accompanist and director. They offered two groups of numbers, "Down South", "Sweethearts", "From Maytime", "When Its Sleepy Time Down South" and "Glad Hearted Men" by Signumund Romberg. Mrs. Round, who announced each number, introduced next Mrs. Margaret Wheldon. She pleased the assemblage with two selected readings of a humorous nature.

Adjourning to the east lodge room, tables of contract and auction bridge, 500, bingo and Chinese checkers, filled in the remaining hours. Prizes were awarded the winners at the close.

Upon arriving earlier in the afternoon, the guests were greeted by members of a special committee, all wearing afternoon tea gowns.

Members of the Martha Shrine served the menu.

The committee heads and their aides are to be congratulated in making the afternoon such an enjoyable one, which will go down in the annals of Wimodausis as most outstanding from beginning to end.

JEWISH JUNIOR LEAGUE ASSEMBLY WEDNESDAY

A meeting of the Jewish Junior League was held Wednesday evening at the Cosmo club rooms, with the following hostesses in charge: Misses Lillian Rosenberg, Sylvia Saul, Rose Katz and Nettie Rogovan.

Plans were further discussed for the card party scheduled for February 27, at the Cosmo club. Reservations, steadily coming in, indicate a large attendance.

INTEGRITY THE TEST OF JUDICIAL FITNESS

THE shocking charge of money-passing brought against Judge Manton in New York, followed by his resignation under fire, constitute an amazing story. As senior Judge of the United States Circuit Court of Appeals, he has occupied an exalted position, heavy with responsibilities. On the Federal bench he has been out-ranked only by the members of the United States Supreme Court.

Whatever the outcome, whether or not the charges against the Judge are susceptible of proof, it is timely to consider the imperative need of establishing beyond question the integrity of those elevated to the Federal bench. Qualification for this high station goes beyond a record of zeal for a party organization or a political leader. It goes beyond mere legal capacity. High character is the ultimate requisite.

Nor should the confirmation of judicial appointees be regarded by the Senate as a perfunctory proceeding. A President may not always be fully informed of all the facts bearing upon the fitness of a nominee. In any case it is the duty of the Senate to conduct its own thorough, independent investigation. The ounce of prevention used to bar an unfit person from the bench is worth infinitely more than a pound of cure in the shape of impeachment later on.

If there is any question as to the propriety of an appointment, if there are charges or imputations of any kind against a judicial nominee or if there is the slightest doubt as to his fitness for the Federal bench, the Senate should determine the facts fully before proceeding to confirmation.

LET'S HOPE HE'S RIGHT

Differing with certain of the nation's leading envoys, General Charles G. Dawes predicts that enduring European peace will emerge from the parleys now in progress among Great Britain, France, Germany and Italy.

"European people," he says, "are now in the play of a tremendous force, the fear and hatred of war. In the grasp of this force are dictators and dictatorial governments as well as democratic governments, and if the result of its operation is not eventually an enduring peace in Europe, then the world may despair of any civilization hereafter which will not destroy itself by war."

It is certainly to be hoped that General Dawes is right, and that the leading powers will pave the way to peace "not simply as a matter of ethics but as a matter of their individual self-interest." The fruits of war are the fruits of destruction and deterioration, as has been so plainly revealed since the Treaty of Versailles.

UNCLE SAM, LANDLORD

That the Federal Government is an increasingly important property holder has been a matter of general knowledge. That the extent of government holdings has been realized by but few if any, however, seems a safe conclusion after reading a report of the National Emergency Council. This report reveals that the Federal Government now owns approximately 20 per cent of the land area of the United States.

Included in these holdings are not only great tracts of forest, swamp and kindred land, and the public buildings used in the governmental service, but a growing number of private homes, farms and business properties taken over as the result of defaults on HOLC, Farm Credit and RFC mortgages.

So far as the wild land is concerned, there is nothing apparently objectionable in government ownership. When it comes to farms, homes and business property, however, the propriety of government ownership is open to serious question. Unfortunately, the longer the government continues in the banking business the greater will become public holdings of property.

Sound public policy would seem to indicate withdrawal of the government as rapidly as possible from the business of loaning money, and provision for disposal of properties taken over in foreclosure as rapidly as practicable.—Wheeling Intelligencer.

MAY BECOME TAX CONSCIOUS

Residents of Lawrence county who are making enough money to require filing of income tax returns are engaged in that task now.

In this connection it is reported that there is a growing belief among congressmen that the revenue derived from the income tax must be increased. It is also reported that treasury officials are extremely dubious as to the possibility of raising any substantial additional amount of revenue by "soaking the rich" further. Big individual incomes are already subject to surtaxes ranging up to 80 per cent, and the point of diminishing returns has been reached.

Therefore, it is argued, additional income tax must be raised by increasing the levies on persons in the lower and middle tax brackets—and by dropping those brackets so as to reach income levels which are now exempt from direct taxation.

If this comes to pass—and it is obvious, if we continue to spend two dollars for every dollar we take in, that tax revenue must be upped—those citizens who have taken small interest in government fiscal policy, on the theory that the rich must pay the bills, will be due for the rudest sort of awakening. The fact of the matter is that today the rich could pay but a small part of taxes required even if their total incomes were confiscated. The great bulk must be paid by ordinary citizens, through indirect, hidden taxes which constitute part of the cost of everything we buy and use. But relatively few of us seem to realize that—and it is that blindness to fact which has created our almost criminal indifference toward the tax and debt policies of our government.

Reducing income tax exemptions and increasing the levies in the middle and lower brackets would bring home hard to almost every citizen the tremendous, personal interest he has in the financial conduct of government. It would show him once and for all that economical, efficient government means more dollars in his pocket—and that wasteful, inefficient government means fewer dollars in his pocket.

We're nearing the cross-roads in fiscal policy now. Either the cost of government will be cut—or taxes will continue to rise. And if the latter happens, only the "little fellow" is left to pay the bill.

Hitler had an airtight case against Schacht. The democracies spoke well of the man, and his many lapses into lucid thinking were a source of some embarrassment.

The Parent Problem

By Garry C. Myers, Ph. D.

BOW-LEGS CAN BE PREVENTED

"DEAR DR. MYERS: I have been reading your column for years and have found many good suggestions in it. You had a recent article on the cross-eyed child.

"Have you ever considered the bow-legged child? He also suffers untold agonies and ridicule from thoughtless people. Can you imagine what it means to a young girl or boy not to be able to go swimming or for a girl not to be able to wear shorts like the rest of the 'gang'? I think it would be a good idea if in some of your articles you would tell parents to correct this fault in their child before it is too late. It can be done if parents are not too careless or ignorant."

Can Be Prevented

This mother has a good point. Bowness of legs can be prevented by proper diet and proper medical care. It can even be corrected in the early years. Just how late in the child's life this correction should be attempted, only the bone expert can safely advise. Those parents concerned should ask their family doctor to refer them to the proper specialist, or should write to the public health office of the city, county or state, or to the local Academy of Medicine.

Bow-legs result from insufficient bone food and generally indicate rickets, an ailment commonly called rickets. Among the preventive means are sunshine and its nearest substitute, cod liver oil, or other deep-sea fish oils; milk, vegetables and fruit.

Bowness of legs is first manifest to the average infant when the child begins to stand and walk, though the causes may have developed much earlier.

Bowed At Birth

Of course, the normal child's legs are bowed some at birth. Also the child with ample diet, sunshine and cod liver oil, if greatly overweight, might, by standing too long at a stretch or too much, in the early stages of his standing and walking, acquire bowed legs.

Bowed legs and awkward placing of the feet, moreover, may be caused by improper shoes. Obviously, the earlier such errors are dealt with by a properly trained expert, the easier and more certain the correction.

The World AND THE Mud Puddles

RATHER ABSURD

American and English colleges and universities have from time immemorial, conferred the degree of bachelor of arts upon those who successfully passed through their class rooms and were duly graduated. Both American and English universities still do this thing, but with American universities the degree has become almost meaningless.

To rightfully receive a bachelor of arts degree, the young man should have a more or less intimate knowledge of both Greek and Latin literature, as well as of more modern European literature. He should have enough knowledge of the sciences to at least solve an algebraic problem and demonstrate both a geometrical and trigonometrical proposition. As far as the sciences of astronomy, chemistry, mechanics and all that, he should have a knowledge of the mathematics of these sciences. This is true of British universities like Oxford, Cambridge, Edinburgh and Dublin.

In the United States today few, if any, universities are demanding any knowledge of the Latin language, practically none, the Greek language—the most beautiful language that was ever spoken or written; two languages that are the foundations of all modern languages, particularly, the English language. More than 50 per cent of all English words are of Latin derivation and a very large proportion of these are also of Greek derivation. The language of a doctor of medicine is all Greek. The language of the profession of law is all Latin.

How, therefore, may a university today in the United States rightfully confer a bachelor of arts degree? It is an empty, meaningless degree. Is it due to the Communist tendencies of this age, or is it not?

Chileans Aided Speedily
United States Gives Help
Will Strengthen Position

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, D. C., Feb. 2.—Deplorable as Chile's earthquake was, it did come at a handy time to solidify Latin-American sentiment back of Uncle Sam's western hemispherical good neighbor policy.

The United States' reaction of sympathy and helpfulness was just what might have been expected, but it was a very prompt reaction, all the same, and a very liberal one. Naturally the "Chileans" appreciate it. Furthermore it served as a potent hint to the other southern republics that no great country elsewhere is so well situated, geographically and financially, to lend aid to any of them, in time of emergency, as is Yankee-land.

Germany and Italy, our chief rivals in their part of the world, are too far away to accomplish much in the face of a capital disaster on our half of the globe. They haven't the resources either. One hears recognition of this fact reflected from all the Latin-American embassies and legations in Washington. Of course no European or Asiatic government neglected to inform Chile how sorry it was, but that was all the good it did for the sufferers. The U. S. A. sent more than regrets; it rushed money, medicines, men and relief of all sorts.

Chile is an extremely poor republic, utterly unequipped to cope with so sudden and formidable a catastrophe. The quake victims' sufferings were terrible, unavoidable, but Yankee assistance did something toward taking the curse off, and all Latin America knows it.

To be sure, Latin folk east of the Andes are little subject to earthquakes, but they can have other varieties of large-scale misfortunes, and Uncle Samuel has had a chance to figure as a valuable friend in need whenever required.

Oh, if there had to be one, it wasn't untimely. Pan-Americanism speaking, coming after the Lima conference, in its way it could not have been improved on.

Groundhog Day

J. W. Neyman, Ph. D.

February 2nd is generally known as Groundhog Day, and is supposed to determine what the weather is to be for the next six weeks, according to the old tradition. The marmot, scientifically known as marmota monax, but more commonly called woodchuck or groundhog, is supposed to terminate its annual hibernation on February second to make a survey of the condition of the world. Tradition says it depends on what the little animal sees as to what the weather will be for the next six weeks. If the day is cloudy and he does not see his shadow and he does not become frightened and return into his lair there will be an early spring. But if the day is bright and sunny and he sees his shadow he will be frightened and driven back to his hiding place to remain six weeks, while winter continues.

It is strange that this superstition should be held by so many, and that it should forecast what the next six weeks of weather is to be. Who is responsible for this groundhog pronouncement, it has never been revealed. How it came to be connected with February 2nd or Candlemas Day is shrouded in mystery. An old Scotch rhyme records: "If Candlemas Day be dry and fair, The half of winter is come and mair. If Candlemas Day be wet and foul, Then half of winter is gone a yule." A more modern version of this old Scotch rhyme is: "If Candlemas Day is fair and clear, There'll be two winters in the year." But how could the shining of the sun on this day be enough to enable the little marmot to determine the weather for the next six weeks? It is always a matter of dispute whether the shadow was bright enough to cast a shadow. It might be bright enough in one place and not in another.

The old superstition, tradition or whatever you chose to call it, varies in different countries and localities have different animals to carry out the idea of the groundhog seeing his shadow. The badger takes the place of the groundhog in Germany. In France and Switzerland it is the hedgehog. With the Scandinavians it is the bear.

Scientists and government weather experts tell us from past records that there is absolutely no credence to be given to this tradition. Thinking men everywhere pool-pool the groundhog pronouncement. Those who have studied the matter tell us for the last fifty years the groundhog, woodchuck, marmot, badger and bear have missed it more frequently than he has hit it.

But some will persist in holding this old superstition in spite of all ridicule. But if you can get any thrill or satisfaction out of the prophetic Groundhog Day, go on, it is harmless.

But some will persist in holding this old superstition in spite of all ridicule. But if you can get any thrill or satisfaction out of the prophetic Groundhog Day, go on, it is harmless.

Scientists and government weather experts tell us from past records that there is absolutely no credence to be given to this tradition. Thinking men everywhere pool-pool the groundhog pronouncement. Those who have studied the matter tell us for the last fifty years the groundhog, woodchuck, marmot, badger and bear have missed it more frequently than he has hit it.

But some will persist in holding this old superstition in spite of all ridicule. But if you can get any thrill or satisfaction out of the prophetic Groundhog Day, go on, it is harmless.

Another Dose Of Syrup

WASHINGTON, Feb. 2.

HAVING been severely jolted by the President's appointment of an extreme radical to the Interstate Commerce Commission, the business interests of the country are now about to be given a large dose of soothing syrup, designed to persuade them that notwithstanding the evidence, Mr. Roosevelt's heart is in the right place and his intentions friendly.

THIS is running entirely true to form. Since 1933 every time Mr. Roosevelt has taken a step to the Left or put in high position a business-belted New Dealer, the action has been followed by an outpouring of reassuring words from various Administration spokesmen. Thus both ends have been played against the middle, but invariably it has been found that the business interests have gotten the short end. Whether after the Amle appointment businessmen can be induced again to take seriously the declarations of friendliness remains to be seen. Certainly it will be a little difficult for those with clear memories to do so.

THE effort now planned to convince them that the naming of Mr. Amle was not really a hostile gesture and that the desire to conciliate is dominant, will be on a larger scale than before. Various important Government officials are scheduled shortly to make a series of speeches in different parts of the country all presenting the earnest wish of the Administration to "encourage business" and an eagerness to have business "cooperate." While the initial show will be put on by Mr. Hopkins, the new Secretary of Commerce, other members of the Cabinet are to play their part, including Madame Perkins and Mr. Harold Ickes, whose speeches in the past certainly have not been calculated to fill the harassed business man with enthusiasm.

THE central theme of the scheduled addresses is to be that business should have "a seat at the table," and they are all to exude sweetness. At least that is the notion conveyed by one of the best-informed White House journalists, who asserts that Mr. Hopkins will operate through the old Business Men's Advisory Council, which Mr. Roper set up six years ago to "advise the Administration on industrial policy." For a while the council used to meet regularly, formulate views and present advice. After four years, during which there was no instance when the advice was taken, the (Continued On Page Seven)

I'm an old-fashioned dryer of dishes. A craftsman long skilled in the trade.

I know what that wife of mine wishes
And just where the cups must be laid.

Though I'm older and balder and hairier,
Than when she first took me in hand.

I know how many swipes to a platter
And just where it goes in the stand.

To her patience I've long been beholden.
I know how the silverware's dried.

She taught me in days that were golden
The way that an apron is tied.

Had I studied with Old Mother Hubbard,
No better today could I know

Every foot of the shelves in the cupboard
And just where the dishes must go.

MANY NIGHTS' SLEEP BROKEN BEFORE SHE TOOK "VENDOL"

Pains in back, legs, knees, neck and shoulders kept her awake hours, but Vendol relieved constipation and now she enjoys comfortable rest.

"I knew several people who praised Vendol highly for the relief it gave and as I was in pretty bad shape, decided to try it, and I'm sorry I waited and suffered so long, because it has given me complete comfort," says Mrs. Ida Harman, well known matron living at 326 Newman St., Erie, Pa.

"There were many nights that I could get no sleep because I ached all over. The pains changed about from my neck and shoulders down through my arms, back, hips and knees to my feet and ankles. Sometimes in one place, and other times in another."

"After eating I would swell up with gas till my clothing felt tight. Acid risings came up in my throat and sometimes felt like I had a lump that I could neither swallow nor throw out. Sometimes I felt dizzy, bright spots darted before my eyes, had a bad taste in my mouth, tongue was coated and my complexion was ashen."

"All of my troubles came from a bad case of constipation which seemed I could get no medicine to relieve. I took oil, crystals, salts and other things but always had to change from one to another because they were out on me."

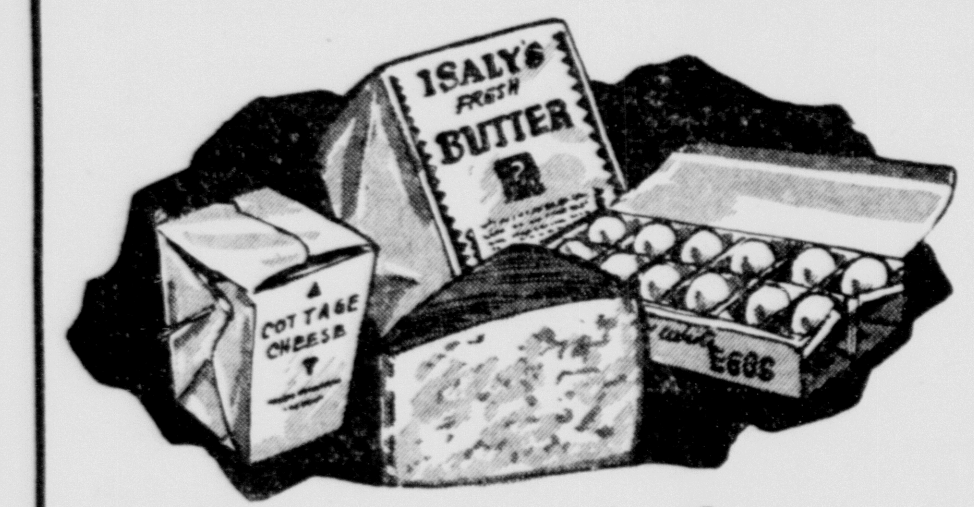

"But Vendol has been different. It gave marvelous relief from this con-

stipation and now I have at least one movement every day and often two. This has relieved my other troubles and now I sleep well, get up with a good appetite and everything goes with my stomach. I haven't had a sign of these pains that used to keep me awake. My advice to any one troubled like I was is not to wait one day but start taking Vendol at once."

Vendol is sold and highly recommended by leading druggists everywhere, and you can always get Vendol here at the New Castle Drug Co., 25 E. Washington St., and 24 N. Mill St., also Eckerd's and Peoples.

Controversy On Flood Control

Policy Of Governor James Is Opposed By Tri-State Authority

FEDERAL-STATE ISSUE IS INVOLVED

(International News Service)
PITTSBURGH, Feb. 2.—Direct opposition to Governor Arthur H. James' flood control policy was voiced today by W. B. Rodgers, president of the Tri-State Authority. "Every potential flood victim of the Ohio river basin will consider it a calamity if the flood control policy of the state administration should result in the stoppage of Crooked Creek and Tionesta dams, which are now half built," said Rodgers, "or prevent the start of Mahoning creek and Loyalhanna creek dams, which the army engineers have been planning to get under way before July 1."

Commenting on the statement of Forest and Waters Secretary G. Albert Stewart, that Pennsylvania will not deed to the federal government title to lands used in flood control projects, Rodgers declared: "We do not believe this will be necessary if representatives of both the federal and state governments will approach the problem in a practical, realistic way."

"The controversy over title to project lands is one which can and should be settled by the method of consultation and conference, rather than by wordy battles over academic theories."

Urging greater cooperation between the two government groups, the Tri-State Authority head added: "Fortunately flood control has never been and is not now a political issue. Unfortunately, it is the type of problem that must be dealt with in the twilight zone of government, where both the state and the United States have interests at stake."

"It will not only be regrettable but inexcusable if progress toward protection for the people is delayed by throwing flood control into the middle of a federal versus state, Washington versus Harrisburg dispute."

Governor James Hits Advertising By Liquor Industry

(International News Service)
HARRISBURG, Feb. 2.—More stringent control of the liquor industry in Pennsylvania loomed today in the wake of outspoken criticism of its advertising methods by Governor James.

"It's pretty near time the whisky people in Pennsylvania began to do a little thinking for themselves," said the governor. "It's about time

they began to clean house and change their methods before there is a reputation that might prove disastrous to them."

The governor indicated that his wrath was aroused by full-page and double-page advertisements which appeared in some newspapers. Explaining that "it looks as though it (the liquor industry) has been rotten ripe for housecleaning," James added:

"I don't think it's necessary to advertise like that to secure trade." Gov. James said he planned to confer with the state liquor control board and explained new legislation might be necessary to curb such activities. He also criticized the use of show windows of state liquor stores for the display of intoxicants.

Episcopal Church In State Approves Proposed Law

Favors Pre-Marital Medical Examination Of Couples In Pennsylvania

(International News Service)
PHILADELPHIA, Feb. 2.—Pending state legislation requiring pre-marital medical examination for engaged couples today had the approval of clerical leaders of 200,000 members of the Protestant Episcopal Church in Pennsylvania.

The bill, introduced January 18, by Sen. G. Gilbert Wolfenden (R) Indiana, would require prospective couples to present doctors' certification that they were free of syphilis within 30 days of the marriage. The measure was approved by Canon Paul S. Atkins, of York, and other high churchmen, at a conference attended by the central committee on Christian social service of five dioceses.

Clinton Rogers Woodruff, committee counsel, predicted that "at least the first part of the act will be passed this year," bringing Pennsylvania "up to date" with other states which passed such bills.

Other churchmen who attended the conference here were: Rev. Stanley West, of Conshohocken, representing the diocese of Pennsylvania; Rev. Squire B. Schofield, Williamsport, diocese of Harrisburg; Rev. Philip C. Pearson, New Castle, diocese of Erie; and Rev. Herbert White Jones, of Philadelphia.

The conference also endorsed a legislative bill making mandatory a six-months wait before divorced persons could re-marry.

Beaver Falls Man Given Appointment As Deputy Secretary

(International News Service)
HARRISBURG, Feb. 2.—The appointment of Frank B. Boal, Beaver Falls, as deputy secretary of labor, Otto Messner, Lancaster, as deputy secretary of revenue, and Leroy V. Greene, Merion, as assistant secretary to the governor, has been announced by Gov. Arthur H. James.

Boal has served as secretary to U. S. Senator James J. Davis since 1930. His salary will be \$7,000 annually. Messner succeeded former Deputy Secretary Jackson Scarf, Democratic chairman of Lehigh county, who was removed from the payroll yesterday. His salary will be \$6,500 yearly.

Green, a Philadelphia newspaperman, will receive \$4,500 a year.

Women Of The Moose Plan Ritual Meeting

SEVENTH WARD NEWS

New Factory To
Make Move Soon

Moving To 100 East Cherry
Street To Secure Addi-
tional Space

Michael Pollio, owner of the small modernistic furniture factory started a short time ago in the ward, today signed the lease for a new location at 100 East Cherry street.

According to Pollio he will make the move to this new location in a few days. Main idea for this change in location is to secure additional space for the manufacture of the furniture.

Up until this time, Pollio has been doing his work in a little shop behind his home. So many orders for his product has come in that he has been unable to work in the crowded quarters and satisfactorily fill the orders.

Pollio stated today that he will add additional machinery to the business in this new location. The building that will be turned into the furniture factory is located directly across Cedar street from the Seventh Ward fire station.

JO DA CLUB
Members of the Jo Da club held a meeting in the home of Miss Anna Quatro, Cherry street. The meeting was in the form of a graduation party, honoring Miss Gloria De Nuccio, a graduate of senior high school.

Dancing and Chinese checkers were provided an entertainment during the hours. A delicious luncheon was served by the hostess, aided by Miss Dorothy DeNuccio and Helen Dentonia.

Next meeting will be in two weeks at the home of Dorothy DeNuccio.

SEVENTH WARD PERSONALS
Donald Reed, Mt. Jackson road, has returned to his home following a visit with relatives in Steubenville, Ohio.

Progressive Club
Will Meet Sunday

February meeting of the Young Men's Progressive club, will be held Sunday, February 7 at the club rooms, 20-22 North Liberty street. President, Nick Rotunno, announced that the meeting is scheduled for 2:30 o'clock. He also stated that the charter is open at the present time for new members.

NEWS BRIEFS IN
WARD DISTRICT

Water in the Shenango river is quite high as it passes through the ward. Melting snow from the hills in the district and in the mountainous areas is now being carried away by the river.

Today is Ground Hog day. The main question before the people today is, "Did the little animal see his shadow or not?" If he sees his shadow it will mean more cold weather, or so the legend goes.

All along the stone retaining wall constructed sometime ago by the WPA, along the West Pittsburgh road a thick coating of ice was noticed Wednesday. Water running down from the hills has frozen here.

Some practical joker has added a comical atmosphere to the ruins created by the fire on Liberty street. Tacked on the temporary door in the barricade is a sign that reads: "Temporarily Out of Order."

Motorists have again reported the fact that East Cherry street between Newell avenue and the East Cherry street bridge is in very rough condition. When the snow and ice left the street it was found to be full of holes and ruts.

Introducing people who happen to be at the same place is taking a liberty. How do you know they want to know one another?

Brettell To Head
Ward Civic Group

Officers Elected At Dinner
Meeting Of Civic Club
Wednesday Noon

Jack Brettell, City Street Commissioner and well known resident of the Seventh Ward, was named as president of the Seventh Ward Civic club Wednesday. The election was held at the regular meeting of the club.

The meeting was in the form of a dinner meeting, and was held in the store of James Herbold, North Liberty street. Alfred Hyde was elected to the post of secretary-treasurer by the group.

Herry Elder and Robert M. Barn's were named on a committee to arrange a dinner and social evening party for members of the Civic club and their wives in the near future.

Claire Arble and Nick Canegay, were named on another committee to visit city council and present several projects suggested by the Civic group.

The new officers will take the place of Raymond Horschler, former president who did a fine job, and Clarence Coates, out-going secretary-treasurer.

CHANGE IN GAME

Frank Humphrey, business manager for the Mahoning Mustang Athletic club, announced today that a change in the Thursday game for the basketball team has been made. The Mustangs will meet the Penn Power Company team at the Arena at 7 o'clock. Following the game they will attend the C. D. of A. skating party.

What's What
At A Glance

(Continued From Page Four)

does not have earthquakes, it does have totalitarian activities.

One of these has just been squelched by President Vargas of Brazil, with the arrest of Plinio Salgado, who was trying to stir up an Integral Action revolution in Sao Paulo. Sao Paulo, though not Brazil's capital (which is Rio de Janeiro) is the republic's principal city about the size of Chicago, and Sao Paulo state is a big enough tail to wag the bulk of the Brazilian dog. Therefore, a Sao Paulo rebellion would be bad business for the whole country. The Integral Action party is partly Fascist, partly Nazi. But it is mainly Nazi, because southern Brazil (Sao Paulo) is predominantly German. Thus this thing, had it eventuated, would have given Germany a dangerous Brazilian foothold—dangerous from the standpoint of the United States.

President Vargas is pretty much a dictator himself. However, he is not pro-German or pro-Italian; he is pro-U. S. A.

And he has Salgado and Salgado's chief lieutenants in jail. Not So Bad.

All this is tolerably satisfactory. Uncle Sam has had a "favorable" earthquake on the South American west coast, in Chile. He has had an undesirable would-be revolution suppressed on the South American east coast, in Brazil.

Brazil and Chile are two of South America's three most important countries. The third is Argentina. The Argentine republic is rather cold toward us. Primarily it is native; then German, British and Italian, mixed.

The rest of Latin America is fairly friendly to us now—possibly excepting Mexico, which clashes with us a bit over the question of oil. That issue remains to be adjusted.

Incidentally, Latin America is in default to us on certain commercial loans. Senator Hiram Johnson does not want us to be allowed to make any further Latin-American advances until those obligations are met. But they are different from our claims against Europe. Europe deliberately has repudiated its war debts to the U. S. A. In Latin America, we simply made some bad investments, and lost out, just as occasionally we do at home. We patriotically advanced several billions to our European associates in war time, and they dumped us. We are supposed to use some business judgment in making Latin-American loans.

HOFFMAN TO LEAD H. Y.
Everett Hoffman will head the Senior H. Y. club of Senior high school during the closing semester of the 1938-39 school term, and with him will serve Jack Matthews, vice-president; Jack Colnot, secretary; and David Taylor, treasurer.

At a "farewell party" at the Sylvan Heights club house this week club members and their girl friends bid good-bye to members of the club who graduated from school January 27.

The new president, Everett Hoffman, was toastmaster. Charles Spruill led the songs. Dan Woolcock gave the H. Y. poem, Sam Davy the prophecy; Ned Davenport, the will and Jack Colnot, acted as knocker. Dan Woolcock, for the club, presented a gift to the club advisor, Charles D. Burton.

President Hoffman and other members of the Senior B class served on the party committee.

Dancing was the late evening diversion.

council faded out of the public eye. There were a number of resignations and at one time almost a revolt.

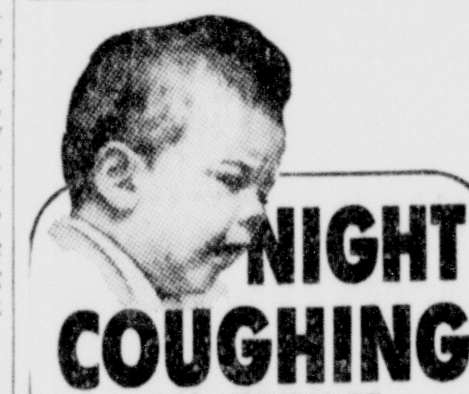

SINCE 1936, however, little has been heard of this body. The vacant places have been filled. It retains its high-sounding title but has not functioned with any degree of vigor, and if advice has been tendered the fact has been concealed. Now, under Mr. Hopkins, who with his new job has put on dignity and the time at least laid aside his glib, wise-cracking ways, the Advisory Council is to be reorganized. Mr. Hopkins is pictured by Administration press agents as "passionately interested in stimulating economic recovery," and is even now preparing a program for which he hopes to get general business endorsement.

AFTER letting the fact leak out, the new Secretary warns the reporters not to speculate on its future. However, he has not kept from some of his closer friends on the advisory council his hope of making permanent the present "breathing spell" and relieving industry of certain handicaps imposed by "imperfect legislation." It all sounds very sweet and it will need to be to take away the taste of the Amle appointment. Some members of the council have become converts even before they know the principles of the Hopkins creed. While deeply distressed by the Amle appointment, their attitude is that it was made without Mr. Hopkins' knowledge and as soon as he finds his feet in his new job a general improvement in the rela-

tions between business and the Administration will result.

HIS "passionate desire for economic recovery," they are convinced, is bound to influence his great friend in the White House. There will be no more Amles after he gets settled. So they say. One answer to that is that there are no more Amles. Mr. Amle is in a class practically by himself. Some of his proposed legislation, it is said, even made the hair stand up on the noble head of that "forward-looking man," the Hon. Maury Maverick, of Texas, who now has a job in the F.H.A.

NIGHT
COUGHING
CAN OFTEN BE
PREVENTED

If your child often coughs at night because of even a slight cold—do this at bedtime: Thoroughly massage Vicks VapoRub on throat, chest, and back. VapoRub's poultice-vapor action tends to keep the air-passages clear, helping to maintain normal breathing through the nose, and so reducing mouth-breathing (the frequent cause of night coughs). Try it tonight—learn for yourself another reason why VapoRub is a family standby in more homes than all other medications of its kind put together.

Your Federal
Income Tax

WHO MUST FILE RETURNS

Returns are required of every individual who is single or who is married but not living with husband or wife who for the year had a gross income of \$5,000 or more or a net income of \$5,000 or more or a net income of \$1,000 or more, and of every individual who is married and living with husband or wife, if no joint return is made and if (1) such individual has a net income of \$2,500 or more or a gross income of \$5,000 or more and the other spouse has no gross income, or (2) such individual and his spouse each has a gross income, regardless of the amount of net income, and the aggregate net income of the two is \$2,500 or more, or (3) such individual and his spouse each has a gross income and the aggregate gross income is \$5,000 or more. Widows, widowers, divorcees and married persons separated by mutual consent are classified as single persons. The personal exemptions are \$1,000 for single persons and \$2,500 for married persons living together and for heads of families.

Husband and wife living together at the close of the taxable year may file a single joint return (even though one has no gross income) or make separate returns of the income of each. If separate returns are filed, one may not report income which belongs to the other, but must report only the income which actually belongs to him. If a joint return is filed, such return is treated as a taxable unit, and the income disclosed is subject to both the normal tax and the surtax. The liability with respect to the tax on a joint return is joint and several. No joint return may be made if either husband or wife is a non-resident alien. If a joint return is not made by an agent of the taxpayers it must be signed by both husband and wife and sworn to before a proper officer by the spouse preparing the re-

turn, or if neither or both prepare the return, then by both spouses.

Where separate returns are filed by husband and wife, the joint personal exemption of \$2,500 may be taken by either or divided between them in any proportion as agreed upon.

In filing a joint return husband and wife compute the earned income credit in the same manner as in filing separate returns. If taxpayer's net income is not more than \$3,000 the entire net income is considered to be earned net income.

Husband and wife may select each year whether to file a joint return or separate returns. Where, however, joint or separate returns have been filed for a particular year, neither husband nor wife may alter the due date of the return file an amended return or returns on a different basis for that year.

Aircraft Exports May Break Record

(International News Service)
WASHINGTON, Feb. 2.—American exports of aircraft and aeronautic products are expected to shatter all records this year on the basis of orders already on the books of manufacturers, the department of commerce forecast today.

Reflecting foreign military activities, American exports of aeronautic products in 1938 were valued at \$68,000,000, an increase of about 73 per cent over the previous year.

Millions Involved
The department reported that in 1938, 13 countries each took more than \$1,000,000 of U. S. aircraft products. These included the Netherlands and Netherlands Indies.

\$11,774,043; Japan, \$11,062,477; China, \$6,391,713; Argentina, \$6,187,342, and Russia, \$5,171,303. Also, the United Kingdom, \$3,916,117; Canada, \$3,511,093; Turkey, \$3,160,336; Brazil, \$1,946,947; Mexico, \$1,246,789; Australia, \$1,240,510; Hong Kong, \$1,213,442, and Sweden \$1,004,291.

It was estimated that of the aviation industry's 1938 output about 50 per cent was shipped abroad. This compared with an average of about 33 per cent in former years.

Exports of completed aircraft rose approximately 40 per cent over 1937 while parts and accessories rose 31 per cent. The average unit value of total planes shipped last year was about 80 per cent higher.

Seven Speakers Are Already Secured For Summer Conference

Rev. J. R. Fredericks, of the Calvary Gospel Tabernacle, Vogan street, announces that seven of nine speakers for the annual all-summer Bible conference at the tabernacle, which will commence the first Sunday in July through the first Sunday in September, have been engaged.

They are: The Harvey Evangelistic Party, of Corry; Rev. Kenneth Cornwell, D.D., Indianapolis; Rev. George Logsdon, Erie; Rev. O. E. Phillips, Washington, D. C.; Rev. H. H. Wagner, of Bible School Park, N. Y.; Dr. W. S. Hottel, Detroit, Mich.; and Rev. Clarence Walker, Gloversville, N. Y.

Other speakers, between Easter and the summer conference, will be Dr. John Zoeller, of Detroit, and Dr. DeHahn, of Grand Rapids, Mich., well known radio speakers.

REPORT POISON FOUND IN PASTRY

Chemist's Analysis Given In Pittsburgh Case—One Dead After Eating Pie

(International News Service)
PITTSBURGH, Feb. 2.—The death of one woman, and serious illness of four others after eating a cherry pie today was laid to a deadly poison mixed in the pastry, police reported.

Upon learning the results of a chemical analysis by County Chemist F. C. Buckmaster, who reported finding enough sodium fluoride to kill a rat instantly, detectives immediately rushed to the home of Constable Pete Maracini, whose wife and two daughters were among the four made ill last Friday night.

The poison resembles flour when pulverized, it was explained. Authorities at once confiscated for analysis containers of flour and baking soda, boxes of spices and other ingredients alleged to have been used in the baking of the pie, they said.

An investigation of the four used in the baking by authorities in Washington was said to have borne out the findings of the local county chemist, Dr. D. Franklin Fisher, inspector of the U. S. bureau of drugs and food administration, however, refused to make any comment.

Mrs. Letitia Allison, formerly of Charleroi, died shortly after eating some of the pie. Mrs. Mamie Maracini, the constable's wife, was her sister. The other victims were the two daughters of the Maracini's, Genevieve, 19 and Geraldine, 15, and the maid in the home, Alma Skirbitz, 18.

Benefit Show All Set To Go

Amil Lelenko Will Be Master Of Ceremonies Croton Band Benefit Fund Show Friday

AMATEUR ACTS OF ALL KINDS

Everything is in readiness for the Croton school band fund benefit "amateur night" show to be staged under the auspices of the New Castle Athletic association at the Ben Franklin high auditorium at 8 o'clock Friday night featuring in the role of master of ceremonies the talented young amateur, Amil Lelenko of Cunningham avenue.

Mister Lelenko recently appeared in New York City and made a decided hit with the staid New Yorkers with his many witty and clever impersonations of stars of the screen and radio. He will no doubt render a few of his impersonations in introducing some of the acts.

There are about 20 or 25 amateur acts lined up for the show. The entire funds will go to make up the balance on the payment of the band uniforms that were secured by the Music Council for the Croton band.

Have Worked Hard
The New Castle Athletic association with Franklin R. Crisell general chairman has worked hard to put over this show and hope that the public will show its appreciation. There will be many sterling acts presented.

All amateurs who intend to appear on the show should report at the Franklin high auditorium stage door not later than 7:15 o'clock to get places on the program. The admission price has been kept low enough to allow everyone to attend.

Gigantic Earth Slide Reported

Hill Disappears Before Eyes Of Youths On Skating Pond

(International News Service)
PRESTON, Idaho—Geologists were puzzled over the gigantic earth slide that moved 2,000,000 tons of earth and shifted a 25-acre farm pasture fifty feet into the Bear river. A large icy-covered pond on the plot of ground affected by the slide was not disturbed. Not even a crack in the ice showed. Cattle grazing on the sliding terrain scrambled to safety as their pasture began to move.

Two small boys skating on a nearby slough witnessed the phenomenon.

"We heard a lot of popping and rumbling" 12 year olds Ivan Thompson and Francis Rasmussen said. "We looked up and saw the hill was gone—the one we used to hunt rabbits on."

News Briefs From City Hall

Chief of Police Ralph A. Criswell today turned over to the custody of state motor police one Thomas Lloyd, said to be from out of the state, who was arrested by city police while parked on the North Hill early Wednesday. It was alleged by police he had license plates on the auto he operated other than those called for by the make of car.

Traffic Policeman George Sigler sustained a painful injury to an eye yesterday afternoon when a five gallon water jug, which he was carrying in the squad room, police department, fell from his grasp to the floor. A piece of glass struck Sigler's eye. He was sent to an eye specialist immediately for treatment.

Richard Reed, colored, arrested Tuesday for loitering, was yet held in the city police station today while police authorities investigated reports that Reed was wanted by Aliquippa authorities.

Student Missing At Philadelphia

Son Of Federal Wage-Administrator Disappears From Wharton School

(International News Service)
PHILADELPHIA, Feb. 2.—William Reid Andrews, of Elmer F. Andrews, federal wage-hour law administrator, was revealed today to be missing from the University of Pennsylvania where he is a freshman in the Wharton School of Finance and Commerce.

Belief that the boy had packed his bag and left school Monday to seek a job grew after a note addressed to his father was found in his dormitory room. In the note the student declared he was "tired of studying" and wanted to work, university officials said. They added that young Andrews was visiting friends in Albany.

Meanwhile, his father said in Washington that he had been in touch with the youth by telephone. "He is just 18 and is somewhat given to whims," the elder Andrews declared, "but usually they are pretty sound. He has a lot of common sense and we're not worried about him. I expect him to return to the university and make up the examinations he is missing this week."

Completes Course At Case School

Paul Gravenstreter returned to his home on the New Wilmington road Wednesday from Cleveland, O., where he has completed his course of study at Case School of Applied Science.

Gravenstreter studied electrical engineering, majoring in the technical option that includes communication engineering. He will receive his diploma at the commencement exercises of the school on Monday, June 5.

Gravenstreter is the eldest son of Mr. and Mrs. Harry R. Gravenstreter, New Wilmington road. He was graduated from the New Castle high school in June, 1934.

EAST SIDE TOWNSEND CLUB
East Side Townsend club No. 3 will meet this evening at 8 o'clock at the hall, 812 Morton street. At the last meeting, the following officers were elected: President, Byron W. Pitzer; Addison T. Lucas, vice president; secretary, Mrs. Ann Young; treasurer, Mrs. Della C. Shaw.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm.

Even if other medicine has failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from either trial or large size. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

Stronger Cord Body
More Non-Skid Mileage

Plus FAMOUS TRIPLE-SAFE CONSTRUCTION

FLOYD ROBERTS
1938 National Race Champion
Champion race drivers, whose very lives and chances of victory depend on tire safety, know tire construction and that is why they select and buy Firestone Tires for their racing cars.

Firestone triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

Wool Growers Association To Meet Saturday

Twentieth Anniversary Will Be Commemorated By County Organization

TOASTMASTER IS NORMAN C. DALE

Members of the Lawrence County Wool Growers association will celebrate the 20th anniversary of the founding of their organization in connection with the annual meeting which takes place Saturday, February 4, in Liberty Grange hall.

During the 20 years of its existence, the organization has marketed more than a million and a half pounds of wool. D. H. Ricks, Lawrence county agricultural agent, reports. It has over 700 members from Beaver, Butler and Lawrence counties and is one of the oldest organizations of its kind in the state and each year markets approximately 90 per cent of all the wool produced in the area which it serves.

Dale Promoted Idea

It was the first organization in the state to promote purebred ram sales, a movement which has become state wide and has resulted in considerable improvement in the type and quality of sheep raised in Pennsylvania.

N. C. Dale, who played such an important role in organizing the association 20 years ago, will be the main speaker at the meeting. He was at that time county agent of Lawrence county and recognized the possibilities of a cooperative sales agency for selling the large annual local crop of wool. At the present time Mr. Dale is the county agent

in Susquehanna county. Several of the leading extension specialists from the Pennsylvania State college will also appear on the program.

The local meeting is one of seven annual cooperative wool growers meetings being held this week in western Pennsylvania. Those seven organizations have handled more than four million pounds of wool for over 2,000 farmers during the 20 years they have been in existence.

The meeting will convene at 10:30 a. m. and continue all day. A wool show will be part of the program and a banquet will be served at noon.

The program will include a short business session in the morning followed by a discussion on "Sheep Management Practices," illustrated by movies, by W. B. Connell, sheep extension specialist from the Pennsylvania State college. Sheep dipping activities with the association portable dipping tank will be reported on by Guy Fullerton and Everett McConnell.

The winners in the wool show will receive awards contributed by the First National bank of Lawrence county. The presentation will be made by R. C. Love, vice-president of the bank.

The afternoon session will be devoted to a discussion of "Pasture Improvement" and "Growing Legumes" by E. J. Walters, agronomist from Pennsylvania State college. N. C. Dale, former Lawrence county agent, will be ably assisted by D. P. Kyle and S. B. Hayes in giving interesting reminiscences and talks on the history of the association.

County Principals Hear Bessemer Man

Rev. W. J. Engle Speaks On World Conditions At Monthly Meeting

Lawrence County Principals, meeting in the office of County Superintendent of Schools John C. Saling, heard Rev. W. J. Engle, of Bessemer, speak on the topic, "The World Is All Right."

Rev. Engle's address followed a business session when routine matters pertaining to the association were discussed. It was announced that the annual state scholarship examination will take place in New Castle on Friday, May 5.

Paul Varnum, principal of the West Pitsburg school, spoke on word difficulty in text books, giving his finding of a study of text books, which reveals that many of the words used in text books in the grade schools are over the heads of the pupils.

This swinging cure was described by Dr. James A. Kerr, medical officer of health of Grimsby, Lincolnshire, in the current issue of the British medical journal "The Lancet."

The boy admitted to Grimsby Corporation Hospital was placed on a stretcher, with a tilting apparatus attached to it.

As no engine was available, the boy was swung continuously for five

City Forester Finds Bird Shot Down In Gaston Park Area

Going over to feed some bird life, which includes quail and pheasants, in and near Gaston Park, Owen P. Fox, city forester, recently came upon the dead body of a red tailed hawk. But for the snow on the ground this find would not have been made. There were fresh blood stains, splattered at the base of some scrub oaks leading to the conclusion that the bird, which had been riddled with shot, had at last dropped fatally wounded.

Probably the person who had shot this hawk did not realize that he was responsible for taking from the sky, a very valuable bird, said Mr. Fox. The majestic flight of the red tail hawk is most interesting to

watch, but the great majority of people have it listed as a great killer, but after a study and observation of the bird, it is found that he rids the fields and wooded sections by destroying much snake life, moles, mice and other rodents that prowl over the ground.

The red tail hawk has broad wings, with wide fan-shaped tail, which carries the shade of red underneath. Destructive hawks carry round wings and long narrow tails. It is not easy to identify hawks in the air, but if persons acquaint themselves with these birds, it will not be long ere they distinguish between the beneficial and the harmful hawks.

(Copyright 1938, King Features Syndicate, Inc.)

PUBLIC AND MEDICAL PRO- FESSION AWARE OF DANGER OF INFANTILE PARALYSIS

In our talk yesterday about infantile paralysis, we saw how important it is for mothers not to neglect any illness in their children in the fall of the year when the disease is at its worst. We have seen how the earliest symptoms of the infection are much the same as those of a bad cold.

This is where President Roosevelt has done his great work. The publicity the disease has received through him and through his work has made the public conscious of infantile paralysis. In fact, I think he has pepped up the medical profession, too, making them more alert to symptoms of this disease.

I know that my experience here in Callender a few years ago was that I was rarely called to a case of paralysis until actual paralysis had set in. Today it is different; mothers now call the doctor as soon as the child gets ill, especially during those months when polio is active. I give the credit for this to the fact that through Mr. Roosevelt there has been so much publicity in the papers, the magazines and the medical journals about paralysis that during that certain season, every sick child is looked on as a potential victim of polio.

But to go on with the imaginary

"Glad I'm Alive!... Life is pleasant if you are feeling good and 'peppy.' That's what Dr. Pierce's Golden Medical Discovery did for me. It gave me a better appetite, increased the flow of gastric juice and thus improved my digestion. It's a tonic that helps build you up — makes you feel 'peppy.'"

The Discovery relieves stomach upsets due to excess acidity and you feel better in many ways. So why not try it now? Your druggist has it in both fluid and tablets.

case of infantile paralysis we were discussing yesterday: The patient was at the point where fever, nausea and headache, followed by stiffness of the back and neck, made us suspect that he had the disease. It is now time for a definite diagnosis to be made, and this can be done in only one way—by examining some of the fluid from the spinal column.

This is called the lumbar puncture. It consists of inserting a needle in the lower part of the spine and taking out some of the fluid which acts as covering for the spinal cord.

For the puncture we place the child on a table or hard bed and ask him to curl up into a ball with his head and his knees together. The doctor cleans off an area of the lower back with alcohol and iodine, injects a small amount of local anæsthesia under the skin. This injection is the only part of the operation which will cause him any hurt.

When the anæsthetic has had a few minutes to work, a long needle is inserted between the bones of the back and a teaspoonful of fluid is allowed to run out. When this operation is over, the patient should be put back to bed and kept there quietly and without raising his head for a day. If he doesn't do that he will develop a headache that will last for days.

This fluid, removed from the spine, is now examined under a microscope for cells. Normal fluid contains five to ten cells per cubic millimetre, but if the patient has polio, the count will be from 50 to 100. In this way the diagnosis can be made definitely, and if your doctor advises that it be done, don't hesitate a moment, for he wouldn't advise it unless he thought it necessary. It is the only way you can arrive at a definite diagnosis before the weakness of the muscles begins.

New Castle Women Invited To Attend Pittsburgh Meeting

An invitation has been extended to the women of this community to attend a dinner meeting at the Hotel Schenley, Pittsburgh, on Tuesday, Feb. 7, at 10:30 a. m., being given by the Pittsburgh group on cause and cure of war. There will be a luncheon at one o'clock. Two prominent women who have just attended the conference in Washington will speak, Lady Dorothea Layton, member national executive committee of League of Nations Association in England, of executive committee of Women's Peace Crusade, and of committee for relief in China, and in Spain, and Miss Josephine Schain, chairman of the conference in Washington.

Miss Dorothy Kirkbride, New Wilmington, representing the clubs of this district at the conference, will speak at a meeting to be held in Y. W. C. A. on March 9.

DAILY DOZEN

(From the Medical Society of the State of Pennsylvania)

Is diabetes on the increase in the United States?

The diabetic death rate has increased.

This is due to the greater number of older persons living today.

The diabetic death rate has increased among this class only.

A generation ago few diabetic children lived more than a year.

Today, their expectation of life is about 32 years.

Thanks to advances in the treatment of diabetes.

Insulin proved a life-saver for the diabetic.

Now they have protamine zinc insulin, an added blessing.

Deaths from diabetic coma are fast declining.

Many diabetics are living active, useful lives.

They obey the strict laws of modern treatment and diet.

Says United States Must Have World's Best Air Force

Says America May Be Invaded

Assistant Secretary Of War Discusses Defensive Needs Of United States

POWERFUL NAVY ALSO REQUIREMENT

By ROBERT G. NIXON
International News Service Staff Correspondent

WASHINGTON, Feb. 2.—The United States must have a powerful air force—second to none—in upholding obligations of the Monroe Doctrine, Assistant Secretary of War Louis Johnson declared Wednesday afternoon.

Warning that even this country might some day be invaded by totalitarian powers unless their aggression is discouraged, Johnson declared that America's only guarantee of safety lies in an adequate defense in the air, on the land and at sea.

The assistant of war spoke to the General Federation of Women's Clubs from Washington in a national radio broadcast.

Answer To Hitler

In some quarters here Johnson's words were interpreted as the administration's answer to the assertion by Chancellor Hitler, in his Reichstag speech Monday, that German diplomatic and economic expansion in Latin America is "nobody's business" but Germany's. It was the first public statement by a high administration official on America's national defense needs since the Hitler speech.

Johnson declared: "With one nation after another going down before a deadly onslaught of arms or submitting in the face of a threat of force, those who

would survive against those who are determined to dominate world affairs by military power."

Defense Needs Outlined

The assistant secretary outlined America's defense needs as follows: 1. A powerful air corps to uphold "our responsibilities to the western hemisphere under the Monroe Doctrine."

2. A navy "second to none" to protect the continental coast line of the Atlantic and Pacific oceans and distant possessions in the Pacific, Alaska and the West Indies.

3. A small standing army, but one equipped with every modern weapon and backed by an adequate stock of munitions and trained reserve.

Weak Nations Invite Attack

Johnson warned that weak nations invite attack, asserting: "To postpone needed increases in our army and especially in our air corps until those bent on aggression perfect their long range engines of battle to assail our shores is to invite disaster."

"To some people, the invasion of America may appear a mad dream but even they will have to admit that the wild fantasies of yesterday have become the realities of today. Who would have believed several years ago that the Europe, the Asia and the Africa that we behold today were possible? What, therefore, at this time may appear, unduly alarming, tomorrow may become grim reality."

To guard against such contingency we must be well armed.

"We must impress upon those who would trespass against us that their attack will find us organized and ready to resist force with force. Those who live by the sword usually have a wholesome respect for strength. A nation with adequate military defense, they are less likely to attack."

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

First Lady Is Best 'Tipper' Waiters Say

Eleanor Roosevelt Always Tips For Service Rendered; Morton Downey Best Among Actors

(International News Service) NEW YORK, Feb. 2.—Well, sir, there was an added explanation Wednesday for the aura of welcome, the flashing smiles, that greet the much-travelled Mrs. Eleanor Roosevelt when she steps into the diner on her railroad journeys.

Not wholly because she is the wife of the president. Nor even just because of her gracious informality. There's still another reason.

Mrs. Roosevelt is the most generous tipper among women railroad travelers. The disclosure came from a most authoritative source. Right from George E. Brown, general chairman and secretary of the Dining Car Employees Union.

There are polls and polls, and so the union of the white-clad dining car waiters decided on their own tabulation. Here is what their poll disclosed in the way of "most generous" tippers:

Women riders—Mrs. Roosevelt. State, screen and radio stars—Morton Downey.

Politicians—Postmaster General James J. Farley.

Sports—Jack Dempsey.

Society—Cornelius Vanderbilt, Jr.

The average man tips 25 cents, the average woman 15, the smallest, most valueless, tip last year was garnered by a waiter on the Baltimore & Ohio. Under the plate of a departing diner, the waiter found one copper penny—plugged!

But there's one thing that really gets the garçons of the diners. They can't understand why men slide tips under saucers, timidly, instead of handing them to the waiter. We'll try to do better, George.

AROUND CITY HALL

City yet owes the American LaFrance company a balance of \$1,097.50 for the fire truck in service in the Fourth ward. The apparatus cost \$5,250.00 and was delivered in the fall of 1937 with the understanding that the city could pay for it on the installment plan.

Seventy dollars a month is paid to the city dog-catcher, but the kills so many dogs, for which the state pays him, that when the money is returned by him to the city, the latter practically obtains his services for nothing, according to city hall reports.

There are several men employed by the city on public dumps. Each is paid \$1.90 per day, to regulate the dumping.

There are two deputies in the city treasury. One receives \$175.00 per month and the other \$150.00 per month. One clerk is paid 45 cents per hour and extra clerks 40 cents per hour.

The foreman at the garbage furnace is paid 55 cents per hour and furnace helpers, 50 cents per hour. The truck drivers receive 55 cents per hour and the 12 helpers 50 cents per hour. Truck drivers in the street department receive 55 cents per hour and laborers earn 50 cents per hour. Sewer bureau laborers receive 55 cents per hour, and sewage disposal plant laborers 50 cents per hour.

The clerk to the city purchasing agent receives \$90.00 per month. The clerk to the assessor receives the same amount. The chief clerk in the solicitor's office receives \$87.50 and the mayor's secretary, \$90.00 per month. The clerk to the street commissioner receives \$100.00 per month and the clerk in the health bureau receives \$80.00 monthly, and the clerk in the finance department, \$110.00 per month.

Employees who direct auto parking at Cascade Park during the summer are paid 25 cents per hour. A night watchman at the Sewage disposal plant receives \$90.00 per month and a night watchman at Cascade Park, \$85.00, per month. Another watchman for parks receives \$85.00 a month. Watchmen in the streets department building receives \$85.00, per month. Extra helpers in the motor mechanic's shop are paid 55 cents per hour.

Little Beaver To Have Bang's Meeting

Cattle Owners Of District Will Meet Friday Afternoon At Enon

Cattle owners of Little Beaver township will meet in the old township house in old Enon Friday afternoon, Feb. 3, at 1:30 o'clock for a discussion of the Bang's disease problem.

The meeting is for all cattle owners, regardless of the size of the herd. The subject for discussion, which will be led by D. H. Ricks, acting county agent of Lawrence county, will be "Bang's Disease and Its Eradication."

The meeting has been arranged at the request of interested farmers in the district.

When the price of gasoline was raised in Paris, garage proprietors and gasoline dealers asked motorists to protest by not using their cars.

HIGH BRIDGE TOO MUCH FOR HOBOES

(International News Service) PORT ARTHUR, Texas.—Port Arthur police have found the new Port Arthur-Orange Bridge, highest in the south, provides an effective way to get hobo out of the city—and keep them out.

As fast as the bums are picked up by authorities, they are taken over the bridge to the other side. It's a three-quarter mile uphill climb to the center of the span from there, and the transients are just too lazy to go through that in order to get back to Port Arthur.

As for what Orange, on the other side, intends to do about the practice—that's another matter.

NEW BEDFORD

William Hoye and Dick Boyd have returned home after spending two weeks in St. Petersburg, Florida. Mr. and Mrs. Willis Moore, of Cooperstown, spent the week-end with their parents, Mr. and Mrs. George Wortman.

Dorothy Zimmerman, a nurse in the New Castle hospital, spent the week-end with her parents, Mr. and Mrs. Dave Zimmerman.

Mr. and Mrs. Floyd Harry and daughter, Shirley Ann, of Cleveland spent the week-end with their parents, Mr. and Mrs. B. F. Harry.

Cupid did a fair job in January. Usually a slack month in the marriage license market of Prothonotary and Clerk of Courts John A. Edgar. In January 81 couples signified their intention of working in double harness.

County assessors of the various wards and townships of the county met with the county commissioners.

PIMPLES

Itching and burning of pimples, rashes, eczema relieved by CUTICURA SOAP and OINTMENT

Tuesday afternoon for a discussion of the work of distributing the personal property return sheets.

Commissioners Floyd L. Cotton, George H. Bolinger and A. R. Turner, with County Solicitor William McElwee, Jr., and Controller's Solicitor Ralph Cooper, conducted the meeting. Mr. Cooper read the act concerning the work of the assessors in delivering the slips and Commissioner Cotton addressed the assessors.

He said the law called for the slips to be delivered before March 1. To this a number of the assessors replied that it would be impossible to get them all out by that time. A general discussion followed and it was agreed that the matter of an extension of time would have to be considered only after the time limit had expired.

In an opinion handed down by Judge Thomas W. Dickey on Wednesday, the school district of North Beaver township is ordered to pay \$523.50 tuition paid for Charles R. Sherer, a resident of North Beaver township, who attended the New Castle Senior high school.

The case arose over the refusal of the North Beaver board to pay the third and fourth year tuition of Sherer who was attending New

Castle Senior high for an academic education. The North Beaver school is a vocational high school. Under the law a board must pay the tuition of a pupil in the schools of another district when the home district cannot supply proper school facilities.

When the North Beaver board refused to pay the tuition the New Castle board refused Sherer admission unless the tuition was paid. His parents then paid the tuition, but brought suit for its recovery. The school district of New Castle was added as a plaintiff upon petition.

Judge W. Walter Braham handed down an opinion which orders George Snyder to pay a fine of \$10 and costs for driving on Ohio automobile license plates while he was a resident of Pennsylvania. Snyder

is a policeman employed by the Truscon Steel Company of Warren, O. Some months ago he purchased a farm in Pulaski township, moved his family to the farm and placed his children in school. The state motor police heard he was driving on Ohio plates and he was arrested and taken before Squire C. L. Zedaker, where he was fined. The court upholds the squire's action.

Edwin O. Reed, welfare officer, took a patient to an Allentown mental hospital on Wednesday.

The budget for the coming year has been finished and turned over to the county commissioners. For 20 days it will be on public view for any taxpayer to scrutinize it after which it will be adopted by the commissioners and the tax levy set.

Red Cross To Aid Chileans

Funds Are Being Accepted By Chapter Here For Relief Work In Chile

SUPPLIES AND MONEY ARE SENT

Ralph F. Davis, chairman of the Lawrence County Chapter of the American Red Cross, has just received a communication from Norman H. Davis, chairman of the National Red Cross, urging all chapters throughout the country to accept contributions for the Chilean earthquake victims.

The National Red Cross has already made a direct contribution of \$10,000 to the Chilean Red Cross and vaccines, serums, powdered milk and other supplies have been dispatched by army and the Pan American Airway planes to the American Red Cross field director stationed with the army at the Panama Canal Zone was sent with the planes to the scene of the disaster.

Official sources report that the list of dead will exceed 30,000 and the injured 50,000 and with this great catastrophe the nation's resources are being taxed to the limit. Mr. Davis states that any and all of the contributions received will be sent intact to the national headquarters.

Callery-Ribold Rail Line Will Be Abandoned

By ARTHUR C. WIMER
(Special Washington Correspondent, New Castle News)
WASHINGTON, D. C., Feb. 2.—The Interstate Commerce Commission has authorized the Pittsburgh & Western Railroad Company and the Baltimore and Ohio to abandon

the line of railroad extending between Callery and Ribold, including the west leg of the wye track at Callery all in Butler county. The order becomes effective in 30 days.

The line in question was constructed in 1882 and was operated by the Pittsburgh & Western and its various predecessors from date of completion until February 1, 1902. Operations since have been by the Baltimore & Ohio. Last December both companies asked the I. C. C. for permission to abandon the track.

"The Line" said the I. C. C. in its order authorizing abandonment "connects two main lines of the B. & O., which converge at Eidenau, Pennsylvania, north of Callery. There is no train service on the line at present, all trains between Callery and Ribold being operated by way of Eidenau, a longer route. The estimated gross salvage value of the line, based on weight of recoverable material at prevailing stock prices is \$24,500 and its net value \$20,500."

Three Americans Believed Drowned Have Been Rescued

(International News Service)
BALBOA, C. Z., Feb. 2.—Given up for lost after being missing for 10 days, three Americans from the launch "Cecilia" have been rescued and are now enroute to Balboa, it was learned today.

Details of their rescue were not immediately revealed. News of the rescue was received after a vast sea and air search for the trio had been abandoned. The United States destroyer J. Fred Talbot and a squadron of navy planes covered 175,000 square miles during the hunt.

Enroute to Balboa towing a "boom" of heavy logs, the launch struck heavy weather. A small fishing boat went to her aid, but was able to remove only one person E. J. Bailes of Houston, Tex., from the craft.

Others aboard the "Cecilia" were John Agnew, master; Curtis Humphries, an employee of the Santa Maria Lumber Co. of New York; and an unidentified American Negro.

Mother, Mix Your Own Cough Remedy. It's Better

Quick, Comforting Relief. Saves Money. Easily Mixed.

No matter what you might spend for medicine, you couldn't get quicker, better relief from coughs that start from colds than this simple home mixture gives. It takes but a moment to prepare—it's so easy a child could do it. And it saves real money.

Make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments until dissolved. No cooking is needed. Then get 2½ ounces of Pinex from any druggist. Pour this into a pint bottle, and add your syrup. Thus you

make a full pint of really splendid cough remedy and you get about four times as much for your money. It never spoils, lasts a family a long time and children love its taste.

And for quick, blessed relief, you'll say it is truly wonderful. It has a remarkable action. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages.

Pinex is a concentrated compound containing Norway Pine and palatable guaiacol, in concentrated form, well-known for its prompt action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

Ultimatum Is Given Convicts

Many Capitulate And Quit Hunger Strike Started On Tuesday

(International News Service)
SAN QUENTIN PRISON, Cal., Feb. 2.—Write your own ticket boys. If you want to eat and want to work, say so. Otherwise remain locked in your cells.

This was the ultimatum served by Warden Court Smith today to 4,000 hunger-striking felons at San Quentin prison, as he visited their cells and individually asked prisoners if they desired to end the strike started at noon yesterday in protest against corned beef.

Many capitulated to the warden's ultimatum, but a majority of the strikers steadfastly refused to leave their cells and partake of a breakfast of cornmeal mush, brown beans, white bread and a special serving of coffee with sugar and cream.

At each cell, the inmates were given their choice and those who desired to work and eat were released and sent into the mess hall.

Those who refused food were relocked in their cells, "to think it over."

There was no disorder, Smith reported. The men simply said they did not wish to eat.

More than two thirds of those interviewed, he said, remained on strike.

Three Brothers Must Face Same Charge

Alleged To Have Attempted To Steal Attorney's Auto

Thomas, Harold and Edward Lloyd, brothers, 21, 20 and 18 years old, respectively, of Pulaski, R. D. 1, were held in jail pending a hearing today on a charge of breaking and entering before Squire David Pear-

sall. The charge was preferred by State Motor Policeman Yahner. The policeman reports they confessed to attempting to steal the auto of Attorney Orville Brown from his Lincoln avenue garage early Wednesday morning.

The eldest Lloyd had recently returned from Cleveland. He was arrested by City Cruiser Car Policemen Ray Richards and Clarence Welsh while apparently "asleep" in an auto on the North Hill early Wednesday morning. He could give no good account of his being in the neighborhood, was jailed and later turned over to the motor police because his car did not have proper license plates.

Today Yahner said he confessed, implicating his brothers in the attempt to steal Brown's auto.

Former Youngstown Man Is Sentenced

(International News Service)
YOUNGSTOWN, Feb. 2.—Howard E. Rodgers, alias A. E. Rodgers, formerly of Youngstown, O., today was sentenced to one year in the Allegheny county jail on his plea of guilty to charges of using the mails to defraud.

Federal Judge F. P. Schoonmaker sentenced Rodgers when Rodgers admitted defrauding Mrs. Helen Drnich, of Pittsburgh, of a total of \$1600 under the pretense that he could get her nephew into the United States from Canada.

In the course of his communications with the Pittsburgh woman, Rodgers estimated that he was an agent in the immigration service and that for the sum of money could bring Yanko Mogus, of Little Long-nack, Ontario, Canada, the nephew, into this country despite quota barriers.

The alleged communications between Rodgers and Mrs. Drnich were said to have taken place in the spring of 1938.

Russia-Hungary Sever Diplomatic Relations Today

Maxim Litvinoff Notifies Hungarian Minister In Moscow Of Action Today

(International News Service)
LONDON, Feb. 2.—Maxim Litvinoff, Soviet commissar for foreign affairs, announced today that the Soviet union has decided to sever diplomatic relations with Hungary, according to a Moscow dispatch to Reuters.

Litvinoff formally notified the Hungarian minister to Moscow of his government's action, explaining that the step was taken because of German pressure on Hungarian affairs and because of Hungary's adhesion to the anti-comintern pact of Germany, Italy and Japan.

Institute Closes Wednesday Night

With the service in the Mahoning Methodist church Wednesday night, the annual mid-winter institute for the Epworth Leagues from the churches in the New Castle sub-districts came to a close.

There were 109 enrolled for the three-day sessions, according to Rev. Harold A. McCurdy, who served as dean; 89 won institute credits.

All of the services were held in the Mahoning Methodist church in the seventh ward.

Dumping Of Dirt Question Raised Before Council

Matter Of Disposition Of Surplus Dirt On North Mercer Street Is Discussed

Frank Stevens, Neshannock township, today appeared before council in City Hall and requested the city to have some dirt from the North Mercer street sewer excavation placed on the Neshannock township section of the berm in that thoroughfare. However, it developed that the council has, and apparently yet is having difficulty securing dirt to cover the North Mercer street dump.

According to Stevens, dirt will be needed on the eastern berm should North Mercer street be paved in the future. He asserted that some of the dirt from the city-WPA project was placed on a privately owned lot. Councilman J. Myron Rice corroborated the statement that dirt was placed on private lots, although the city has, time and again, he declared, asked for the dirt.

Rice declared that dirt from the Laurel avenue project was supposed to have been removed to the North Mercer street dump. However, little of it reached there, he declared, and indicated today in the council meeting that unless the dump is covered before summer there will be an army howling in council.

The sewer is a city-WPA project, which means the city is furnishing the materials and the WPA pays for the labor.

The subject was terminated this morning without anyone ordering where it shall be disposed of.

Former Spanish King Sends Message To Gen. Franco

(International News Service)
BURGOS, Spain, Feb. 2.—Former King Alfonso XIII of Spain has cabled his "enthusiastic" and "grateful" congratulations to insurgent Generalissimo Francisco Franco who sent a replying message of thanks to the former monarch, it was announced in Burgos today. Don Juan, Alfonso's youngest son and heir-presumptive to the Spanish throne also sent a message to Franco.

The former king who signed his message, Alfonso XIII, declared: "I extend my enthusiastic congratulations to yourself and your army together with my gratitude as a Spaniard. I reiterate my adhesion to confidence in our country's awakening. Long live Spain."

General Franco's reply, addressed to Alfonso De Buorbon, said: "I am most grateful for your congratulations to myself and the Nationalist Army, expressing adhesion to faith in the awakening of our country. I send you affectionate greetings."

Sabbath Services At Tifereth Israel

Series Of Late Services Will Be Commenced On Friday Evening

Rabbi Mordecai J. Simkes of the Tifereth Israel synagogue announces that commencing this Friday evening, Feb. 3, a series of late Friday evening services will be conducted. They will be in English and will be accompanied by congregational singing and an appropriate sermon.

The sermon topic for this Friday will be: "The God-Idea in Judaism." The service should interest all Jewish men and women of the community, and particularly the younger set. It will open at 8:15 p. m.

As guest cantor for the early traditional services Friday evening at 5:30 o'clock and Saturday morning at eight o'clock, Tifereth Israel will have Rev. Gilbert Elefant from Donora, Pa.

Kiwanis Club Hears Westminster Man

Prof. G. R. Ellis of Westminster college's department of economics and business administration spoke to the Kiwanis club at The Castleton yesterday on "Some Recent Trends in Retail Marketing." He was introduced by William E. Langan of the club's program committee.

The Kiwanians sang during the meeting a song dedicated to the Greater New Castle association. "Greater New Castle" was its theme—and Kiwanian William A. Francis wrote the words and Kiwanian Judy Sypher set it to music.

Boy Scouts of Kiwanis troop 37 will be guests of the club at its luncheon February 8.

Sailing Date For Couple Postponed

Word has just been received by Woodson Collins, of 411 Epworth street, of the change in sailing date of Rev. and Mrs. Fred A. Smith, newly appointed missionaries to Colombia, South America. Due to the serious illness of Rev. Smith, the foreign secretary of the Christian and Missionary Alliance, Rev. W. C. Snead has postponed the date of sailing until February 18. According to the word received, Mr. Smith is bedfast with a high fever and Mrs. Smith is confined with a severe cold.

GIRL SCOUTS

TROOP 23

Members of the Girl Scouts, troop 23, met Tuesday evening at four o'clock in the Croton avenue school.

A repetition of the investiture service was held for the benefit of the Scouts who were ill at the time of the original ceremony.

The next meeting will be on February 7.

TROOP 8

Troop 8 held their regular weekly meeting at the First U. P. church on Tuesday evening. Game were led by Marilou Haller and Doris Gibson.

After patrol corners, the girls were instructed about the different types of musical instruments, especially about the stringed instruments, by Miss Virginia Callahan, a local musician. The girls asked questions and received much valuable information. Miss Callahan also favored the troop with piano music.

New Castle Hi At Ambridge On Friday Evening

"Bridgers" Hope To Aton For 26 To 22 Defeat Suffered Here Earlier In Year

New Castle high school basketball team, riding along at the top of Section Three with Aliquippa high, will go to Ambridge Friday night to try and make it two in row over the "Bridgers". This may be a bit too much of a task. The reserves will play the preliminary game at 7 o'clock.

The Ambridge boys, coached by Moe Rubenstein, hope to wipe out that 26 to 22 defeat crammed on them at the arena by the local flippers earlier in the year. The upset handed them in such startling fashion by Beaver Falls high 28 to 24 on Tuesday night rankled no end. The "Bridgers" will be fighting mad tomorrow night.

Lineup In Doubt
Head Coach Phil Bridenbaugh and Faculty Manager Nelson will head the New Castle party leaving here by bus probably around 5 or 5:30 o'clock. The starting lineup will be in doubt until game time, it was announced by Mr. Bridenbaugh today.

Against New Brighton he started two rockies at forwards, Cowden and Kelly, but isn't convinced yet that he has hit upon the right combination. Maciarello played a fine game in a relief role on Tuesday night and may have caught the coaches eye. Christopher looked good, too.

Ernie Adams and Ralph Cennane are working hard to break into the starting lineup also, and may land a permanent job should one of the others mentioned falter.
New Castle's lot in Section Three away from home this second half is anything but roseate—Ambridge, Aliquippa and Butler, three of the toughest in the section.

HOCKEY TEAMS TO BATTLE TONIGHT

Brooklyn College Team Plays Titans On Saturday Night

Easterners To Perform On Westminster Floor—Rated As Fine Team

(Special To The News)
NEW WILMINGTON, Feb. 2.—Rebounding from a Duquesne game Friday evening, Brooklyn college of New York will meet Westminster's tall Titans at New Wilmington Saturday night, Feb. 4. Brooklyn's passers come to the Pittsburgh district with ten games played this season, including losses to powerful Manhattan and C. C. N. Y.

Former Titan fives have provided high-class home-court opposition for strong eastern invaders. In 1934, the Titans defeated the unbeaten George Washington university team 31-30, and last year Westminster ended a 13-game winning streak for a powerful Villanova five. Victory over Pitt this year cost the Titans the services of Stan Wasik, former center on Pittsburgh's South high state champions, out with a slight skull-fracture. He has been replaced by Tom Patton, sophomore letterman. A weakened Westminster offense and defense, due to Wasik's absence, was apparent in the Blue and White after six straight wins, dropped games to W. and J. and Waynesburg.

New Jersey "Wide Hope" Will Battle Washington, D. C., Hebrew Heavy

(International News Service)
DETROIT, Feb. 2.—Tony Galento, Orange, N. J.'s "wide hope" today was to engage in his last workout before meeting Nat Brown, Washington, D. C., Hebrew heavyweight in Detroit's Olympic stadium tomorrow night.

Between night club appearances, starting six-day bicycle races and luncheons, Galento sandwiched in a half hour workout yesterday. The roly-poly bartender-boxer boxed with one sparring partner, moving easily, doing more boxing that flailing and appeared in as good shape as he ever achieves. He will not box today but will do only light exercises until the weighing-in tomorrow afternoon. Brown worked out for nearly 40 minutes and was his usual colorless self.

Pitt Awaiting New Grid Head

Major John L. Griffith, Big Ten Conference "Police-man" Will Visit Pitt

HOPES TO SET HOUSE IN ORDER

By ED KIELY
International News Service Sports Writer

PITTSBURGH, Feb. 2.—Hoping it has at last found the solution to all its alleged athletic evils, the University of Pittsburgh today awaited the arrival of "Police-man" Maj. John L. Griffith, high-commissioner of the Big Ten conference.

Expected to arrive in Pittsburgh shortly, Commissioner Griffith is to make a thorough inspection of Pitt's athletic docket, and after his investigation, according to Athletic Director James Hagan, Pitt will officially begin its co-operative agreement with the mid-western conference.

House In Order
Also in the hope of "putting its athletic house in order," the general alumni of the institution awaited action by the faculty committee on athletics on its 40-page investigative report, submitted to that august body yesterday.

According to veterans observers both moves were made in the right direction and eventually should place Pitt on the simon-pure athletic plane. It has been striving so hard to attain.

Undoubtedly, it was almost unanimous among observers that Dr. Robert "Ten Cent Football" Hutchins' scholarly University of Chicago will drop from the ranks of the "Big Ten" loop shortly, clearing the path for co-operative Pitt to become a full-fledged member.

Should Pitt gain entrance to the ancient and well-codified circuit, it will be a fitting conclusion to a well-mapped course athletic officials of the university have been following for the past few years.

Dots and dashes . . . "Lifty" Minner, New Wilmington's star cager, who was put on the shelf by an injury, should be ready for action before the close of the campaign . . . If he's o. k. by February 21, everything will be Jake, for that date is reserved for Bessemer at New Wilmington . . . The Section 20 leadership has exchanged hands three times already. First, Shenango forced ahead, then Bessemer and now New Wilmington . . . Local dopsters have figured out that the Section 3 winner will be decided on Friday, February 10, when New Castle takes a jaunt to Aliquippa . . . Don't overlook Butler.

Along baseball's boulevard . . . 'Tis noticed that there are no hold-outs among the Cubs. Evidently, they did all their holding out during the fall classic . . . "Chuck" Dressen's salary for coaching the Daffy Dodgers will be about \$10,000 or more than is paid any other major league coach, except Art

HERE AND THERE IN SPORTS' LAND

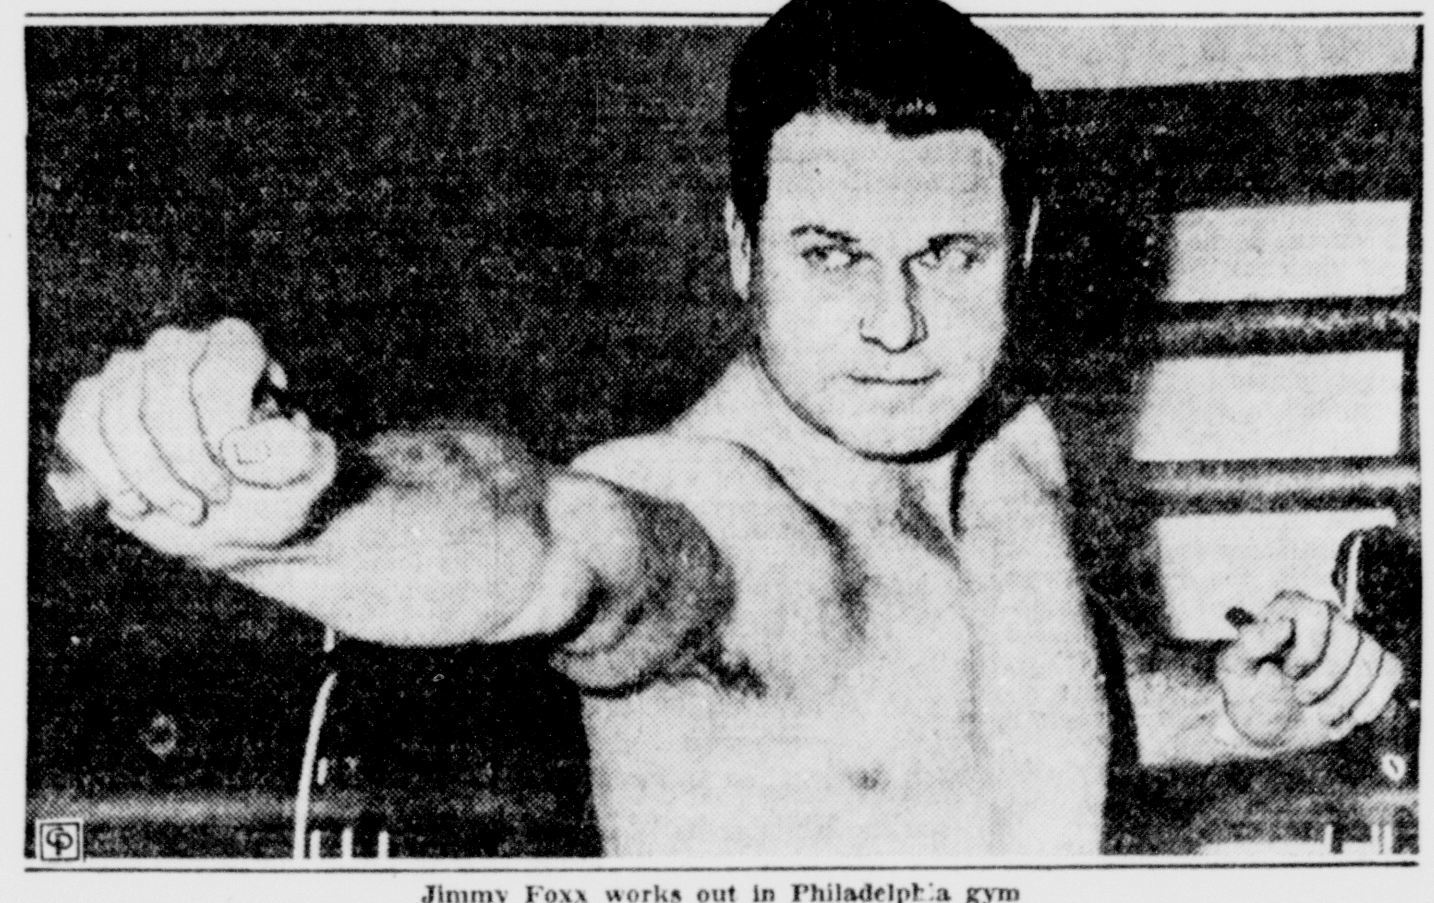

Primo Carnera intends to enter another ring, this time the matrimonial ring, according to reports from Gorizia, Italy. The date for his marriage to Miss Tina Cavazzi, a postal clerk, is set for March 11. Carnera is now a movie actor. He plays the part of a waiter who runs amok.

Dr. Max M. Peet, University hospital, Ann Arbor, a brain surgeon, disclosed today that a brain lesion has impaired the eyesight of Jimmy Adamick, Detroit heavyweight, who was injured last fall in a match with Roscoe Toles at Detroit. The specialist said it was possible the lesion resulted from a previous fight and that Jimmy's vision was impaired before he entered the ring with Toles.

A severe cold, which kept him in his Pittsburgh home yesterday, delayed Bill Kern in signing his 1939 contract to coach Carnegie Tech. He gave out a statement to the effect that his signature would be placed on the dotted line today. The new portfolio, it was reported, calls for a substantial increase in salary.

Joe Chamaco, leader in the national three-cushion billiard championship meet, won his eighth match in nine starts Wednesday in Chicago, when he beat Otto Reisel, Philadelphia, 50-48, in 46 innings.

FOXX AIMS A PUNCH AT HANK GREENBERG'S RECORD

Jimmy Foxx works out in Philadelphia gym

Babe Ruth established the tradition that a home run hitter must work out in January in a gymnasium. Here Jimmy Foxx is following suit as he exercises in a Philadelphia gymnasium, sharpening up his punch to go after Hank Greenberg, who led the American league in homer production last year.

Floor Contests At Falcon Hall

Falcons Face St. Nicks While Gersons Oppose Youngstown Cagers Tonight

Another basketball carnival is booked for Polish Falcon hall tonight. In the opening clash the Gersons title the Youngstown West Side Merchants, starting at 7:30 o'clock. The tussle shapes up as one of the best prelims of the season on the Falcon court.

The feature attraction finds the strong Polish Falcons striving for their 19th triumph of the season when they lineup against the St. Nicks A. R. S. of this city. Because of the existing rivalry, one of the most thrilling floor contests in some time is anticipated.

Sunday afternoon at the Falcon hall the Pals meet the powerful I. W. O. team of Washington, Pa., which last year won the national championship in its division.

TWO GAMES AT K. PULASKI HALL

There will be two basketball games at the K. Pulaski hall tonight. The preliminary game will start at 7:30 o'clock and will have the K. Pulaski "Little Five" meeting the fast Second U. P. team of the New Castle church league.

In the main game the K. Pulaski Big Five will meet a strong opponent.

FACE BUSY SCHEDULE
The Gus' Big Five will face a busy schedule next week, it was announced today. Monday night the team will play the Plaingrove Indians at the Plaingrove court, and Book-keeping Manager Joe Wisosky is trying to schedule the Irene Kauffman Settlement House team for next Friday night at Pittsburgh. Games are wanted with all fast independent teams and especially the Wampum Shamrocks. Call 5184-R.

VOLLEY BALL GAME
The California team will meet the Southern California team in a volley ball game at the "Y" tonight at 7 o'clock, it was announced.

Titans Defeat Youngstown In Fast Game 41-38

Patton, Miller And Wilson On Scoring Spree At Youngstown Floor

The Westminster Titan basketball team made it two in a row over the Youngstown College five last night at the Youngstown floor, winning 41 to 38 in an exciting contest.

At the outset of the game Bergman of the Ohio college team made a foul to give the losers the lead at 1 to 0, but by the end of the first half the Westminster boys led by Patton, Miller and Wilson had the count run up to 31 to 21.

Ohioans Tie Score
The Youngstown College team picked up steam in the second half and with only three minutes of the game left to play, had the count even—stephen at 35-35, but again the Titans let out more steam and pranced into the lead to keep it by three points as the gun boomed the end of the battle.

Bergman, Meyer and Green were the best for the Youngstown College team.

Cold Draw, Balbos Win Shelby Games

Office Bows To Cold Draw
And First Half Hot Finish
Leaders Lose To Balbos

ELLWOOD CITY, Feb. 2.—Out-scoring their opponents in the first 3 periods, the Cold Draw team of the Office 41 to 36 and the Italo Balbo upset the first half champion Hot Finish 40 to 34 in the inter-department games of the Shelby basketball league on Wednesday night.

After being deadlocked at 9-all in the first period, the Cold Draw jumped to the lead, which they never relinquished. Mayne led the winners with 12 points.

The Balbo-Hot Finish game began slowly with the Balbos leading 5 to 4 at the first period and 13 to 9 at the half. The Hot Finish, who have bowed twice in the second half, were only able to outscore their oppo-nents by 3 points in the second half and were never within 5 points of the lead.

Individual laurels went to Walter Robuck of the Balbos, who caged 6 field goals and a free shot for 13 points.

At this point in the season the Cold Finish is on top of the heap and the Cold Draw and Balbos are tied for second place.

On Saturday night the Inspection will meet the Hot Finish and the Cold Finish is slated with the Office.

25th Anniversary Of Woman's Club To Be Celebrated

Formative Plans Made At Ex-ecutive Meeting Wednes-day At Hough Home

ELLWOOD CITY, Feb. 2.—Formative plans for an extensive celebra-tion of the 25th anniversary of the Ellwood City Woman's club, which occurs early in May, are being out-lined by the executive committee of the organization.

For this purpose, Mrs. John H. Hough, president, graciously re-ceived the officers and division chairmen on Wednesday afternoon at her home in Beechwood boulev-ard.

Mrs. Catherine M. Charles, local librarian, to whom goes the honor of being the founder of the club, was a special guest.

The definite plan of celebration has not been fully determined but may include a concert of the Shelby Male chorus of the National Tube company.

At the close of the meeting, Mrs. Hough served tea and other dainty refreshments.

Owing to a conflicting date with the Lawrence county district boy scout banquet to be held in this city on Tuesday evening, February 14, the February meeting of the Woman's club has been changed from the 14th to Thursday evening, the 16th. The meeting will be a joint affair with the Junior Woman's club and will be held in the assembly room of the city building.

The main attraction of the evening will be a match between the powerful Farrell Croations and the Shelby team, composed of leading players of the local league.

Another exhibition game is planned for next Thursday night when the G. O. P. Collegians, a col-ored team of Beaver Falls, with 12 straight victories, will meet the Shelby crew. The Italo Balbos will play the preliminary game with their opponents to be announced.

The condition of Mrs. Elizabeth Dudas, who has been quite ill at the home of her parents, Mr. and Mrs. Denes Mozes in Elipport, is somewhat improved.

Mr. and Mrs. Kenneth Williamson and daughter, Helen of North Brad-ock have returned home after visit-ing for several days with Mr. and Mrs. Harry Williamson, of Crescent avenue.

The many friends of Mrs. Roy P. Meacham of Wayne township, who has been confined to her home by illness for the past three weeks, will be sorry to learn that her condition remains unimproved.

Mrs. Dan McGregor of Slippery Rock road underwent an operation for a knee injury at the local hospi-tal during the early part of the week. The injury is thought to have been caused by a bruise suf-fered many years ago.

Rev. Joseph E. Pringle, pastor of the Bell Memorial Presbyterian church, who underwent an opera-tion at the Jameson hospital sev-eral weeks ago, is recuperating nic-ely at his home on Orchard ave-nue and will assume his pastoral duties within the next few weeks.

Mrs. Robert Johnston and Mrs. Alex Johnston of this city were New Castle visitors on Wednesday.

The condition of Mrs. J. R. Rout-ledge, who has been confined to her home in North Sewickley by ill-ness, for sometime, is improving and she is able to sit up a part of each day.

Members were invited to meet again on Wednesday evening, March 1, at the home of Mrs. James Reed on First avenue.

Recreation Room Project Of Month For Civic Section

Miss Bessie Runyan Asks Do-nations Of Games, Books, Magazines And Other Diversions

ELLWOOD CITY, Feb. 2.—Mem-bers of the civic division of the Ell-wood City Woman's club are concen-trating their efforts this month on the recreational project.

The project is a recreational room conducted in the city building every Saturday night for boys. While the project is sponsored by the Wo-man's club members of the Alpha chapter of the Phalanx fraternity are in charge of the room and div-ersions. An average of fifty boys spend the evening enjoying the various pastimes. The project became popu-lar at once and is one of the most worthwhile civic activities of the city.

Books, games, magazines, comic sections of newspapers, and other diversions are in constant demand and Miss Bessie Runyan, chairman of the civic division, asked the club members and others interested to contribute their discarded or unused diversions to the project.

Owing to illness, the bi-monthly meeting of the civic committee scheduled for Wednesday afternoon at the Runyan home, in Fourth St. was postponed until Wednesday, March 1.

The main attraction of the evening will be a match between the powerful Farrell Croations and the Shelby team, composed of leading players of the local league.

Another exhibition game is planned for next Thursday night when the G. O. P. Collegians, a col-ored team of Beaver Falls, with 12 straight victories, will meet the Shelby crew. The Italo Balbos will play the preliminary game with their opponents to be announced.

The condition of Mrs. Elizabeth Dudas, who has been quite ill at the home of her parents, Mr. and Mrs. Denes Mozes in Elipport, is somewhat improved.

Mr. and Mrs. Kenneth Williamson and daughter, Helen of North Brad-ock have returned home after visit-ing for several days with Mr. and Mrs. Harry Williamson, of Crescent avenue.

Stock Market Trend Is Upward

Rally Occurs During Trading Of Morning; Gains Significant

By LESLIE GOULD

NEW YORK, Feb. 2.—The stock market rallied today, recovering most of the ground lost in yesterday's reaction. Trading was quiet.

Steels were among the leaders of the upturn. U. S. Steel, Bethlehem and Crucible each advanced more than a point and retained most of their gains.

Chrysler ran up nearly two points in the motors, but lost part of its gain later.

Utilities were active and strong. Rails were better also.

Liggett & Myers B featured the tobacco section by rising more than a point to a new high.

Other gains included such representative groups as the copper, aviation, chemicals, rubbers, rail equipments, mail orders and electrical equipments. Oils were mixed.

WAR LIES ALONG ROAD OF PRESIDENT'S AIMS, SAYS HERBERT HOOVER

(Continued From Page One)

supplies of food, raw materials, finances and munitions or that we deny these to the other side.

2. "The aggressors Mr. Roosevelt is discussing are not alone in the western hemisphere, but in Europe and Asia.

3. "This policy also means we are to determine the aggressors. The League of Nations failed to find even a definition of aggressor.

4. These proposals to use coercion are a complete departure from neutrality in their people's wars. They are in direct violation of Secretary Hull's recent reaffirmation that "the intervention of any state in the internal or external affairs of another is inadmissible.

5. "The government continued with its lengthy parade of shabbily dressed, Spanish-speaking witnesses in the federal district court at Albuquerque today in its attempt to prove that politics, not humanitarian relief motives dominated administration of the WPA in New Mexico.

Two close relatives of United States Senator Dennis Chavez of New Mexico—his sister, Anita Tofaya, and his son-in-law, Stanley W. P. Miller, former assistant U. S. district attorney—figured in yesterday's testimony. They are among the 35 defendants on trial for an asserted criminal conspiracy to divert WPA funds, labor and materials to political use.

Several women employees of WPA sewing project testified that Mrs. Tofaya conducted extensive political activity among WPA employees. This testimony was designed to prove the prosecutor's contention that the Democratic political faction headed by Senator Chavez trafficked in trading jobs for votes.

One witness, Mrs. Telodia Ortiz, a WPA employee, testified as to an asserted speech made by Mrs. Tofaya at the lunch hour on a sewing project, just prior to an Albuquerque city election in which the Chavez political faction was interested.

Mrs. Tofaya told the girls they had better vote right if they wanted to keep their jobs," Mrs. Ortiz said.

On cross-examination, Mrs. Ortiz admitted she did not know of anyone who had been fired from the project for political reasons.

Mrs. Josie Montoya testified she was discharged from her \$48 a month job on the sewing project because she refused to supply Joseph Sandoval, one of the defendants, with names of women WPA employees who planned to vote for a constitutional amendment proposal opposed by the Chavez faction.

Edna Braddy, former secretary to D. A. Rose, former WPA zone supervisor, said that both Miller and Mrs. Tofaya were frequent callers at the WPA offices where relief assignments were made. The government contends that these two defendants, through their association with Senator Chavez, wielded a powerful influence upon WPA administrators in making relief assignments.

Numerous witnesses testified to the political activities of the Rio Grande Social club, which it is charged, assessed all WPA foremen and timekeepers ten per cent of their pay to finance political activity in which the Chavez faction was interested.

Many pick and shovel WPA workers testified they purchased tickets to dances sponsored by the social club. One witness, Frank Murrington, testified that his WPA foreman, William Means, a defendant, advised him that it would be cheaper for him to buy dance tickets than lose his employment.

Chicago Judges Differ On Slap For Housewives

One Judge Refuses To Grant Slapped Woman Divorce, Another Judge Grants Divorce

CONTROVERSY IS NOW WELLING UP

(International News Service) CHICAGO, Feb. 2.—A blizzard of controversy welled up Wednesday over the solemn utterance of a judge that husbands have a right to slap their wives.

"If fact," said the jurist, Philip Finnegan, "if more wives were slapped there would be fewer divorces."

He delivered the remark as he denied a divorce to pretty Mary Kuhner on the grounds her husband had slapped her in the face twice.

There were many who did not agree with Judge Finnegan. In another court, Judge Oscar F. Nelson gave Mrs. Gwendolyn A. Bishop, 26, a divorce because her husband slapped her several times.

"Any blow that inflicts pain is cruelty," Judge Nelson explained. "The law permits a divorce if two such acts are proved, and I always grant it."

Not Dangerous But Judge Finnegan held in the decision.

"Under the law, cruelty must consist of violence great enough to endanger life. A slap does not endanger life. A man may slap his wife as hard as he wants if he doesn't kill her."

Many persons scurried to law libraries. Common law, broadly interpreted, holds a man may use physical force in correcting his wife, so long as he does not maim or permanently injure her. Records were found where courts in England held that a man may spank his wife with a stick if the stick is no thicker than the husband's thumb.

Among the comments that greeted Judge Finnegan's ruling came from Mrs. Wilbur E. Fribble, leader in the Chicago's Woman's Club. She said: "I am glad I am not Judge Finnegan's wife."

Kidnaping Army Bombing Plane Is Not Humorous

Army Air Corps Mechanic Gets Prison Term For His Stunt

(International News Service) HONOLULU, T. H., Feb. 2.—The army does not view kidnaping of a bombing plane humorously, and so today Private Benjamin "Cell Me Corrigan" Fliegeleman, army air corps mechanic, was an ex-privat and faced a five year prison term at hard labor.

An army court martial found Fliegeleman guilty of "misappropriating and causing to be damaged a B-18 airplane," ordered him dishonorably discharged and sentenced him to the five-year term at Governor Island, New York.

The mechanic, a native of Brooklyn, did the apparently impossible on Nov. 14 when, without any flying training, he took up a huge bomber and piloted it for five miles before crashing in a cane field. He emerged from the wreck with only minor injuries.

The plane normally requires a crew of six. Aviation experts were astounded when told of Fliegeleman's feat. Some flatly refused to fly to believe it.

Investigators charged that the aerial novice actually planned to fly to San Francisco in the craft.

The Human Side Of The News (By EDWIN C. HILL)

Copyright 1939 King Features Syndicate, Inc.

The Toronto Star's Number One Boy in the Far East, Gordon Sinclair, ran against a Japanese boy on the other day in Canton, China. As the war correspondent of the Star, Sinclair had a camera slung over his shoulder, and apparently the Nipponese infantyrman didn't like it (the Japanese have become more and more sensitive about cameras since American newsreels thoroughly exposed the horrors and atrocities of the bombing of Chinese civilian populations). It annoyed the little brown man and he jabbed his bayonet point into the Canadian newspaperman's right shoulder and seized his camera. Young Sinclair wasn't badly hurt, but the American gunboat Mindanao quickly took him to Hong Kong for medical treatment. The incident has certainly not improved Canadian opinion of the Japanese military, and some sort of apology and reparation will be demanded.

There's quite a romantic story back of war correspondent Gordon Sinclair of the Toronto Star. It was five or six years ago that the managing editor of that fine newspaper thought it might be a good idea to shine up the Star with stories of strange peoples and faraway places. So he sent for a young fellow whose work had attracted attention and told him to go and see what was on the other side of the range, as Mr. Kilgus put it.

So forth went the bright-eyed adventurer, hungry for color, sensation and all the sights, sounds and scents of the mysterious East. He went to little-known New Guinea, that unexplored, unmapped jungle-

hell where bone crushing savages live as they lived in the Stone Age, with neither clothes nor tools nor laws. There Sinclair learned that wives come by seizure and conquest, and the men are slaves or cannibals. He found that tribal warfare, black magic and sacrificial rites reap a grim harvest of human skulls, stuffed and decorated as household ornaments.

For 200 years men have been trying to penetrate the tangled mass of crawling death which is the New Guinea interior. Black magic, devil work, superstition holds all New Guinea and her primitive people in its terrifying grip. The people are afraid of everything, afraid of strange noises, afraid of a shadow, afraid of spooks, gnomes and witches.

The Rev. John Dewhurst Bodger, Church of England missionary, had more than a touch of this weird business, as Gordon Sinclair tells his story. A mad fable of a blood-red lake far back in the green hills puzzled the government for years. Mesmerized men, dying from voodoo, told doctors that they were being killed by the evil eye directed their way by the magic eel of the blood-red lake. The missionary heard of white ghosts who chanted and moaned in the dark, and of vampires that sang. He determined to find the blood-red lake and organized an expedition.

He found it. It was as red as blood and surrounded by trees that were all aglow with orchids which gave off a luminous shimmer at night. He took a swim in the lake and was stricken down with burning fever. For six weeks he was delirious and his life was barely saved.

Beatrice Grimshaw, the writer, has lived in Papua more than twenty years. Her books on Papuan life have been praised by scientific organizations in thirteen countries. Yet Miss Grimshaw believes in the black magic of the Papuan witch doctors. From terrible black, blood-ridden New Guinea, Sinclair journeyed on to one of the little paradises of earth, the island of Bali. East of Java and south of Borneo lies Bali, the Island of Enchantment. Romance studs the beaches, laughter fills the homes and music tinkles along the leafy lanes. Here, Gordon Sinclair wrote to his paper, is the spot the world has been looking for, a sanctuary where nothing much matters, where there is no greed, where the sun shines, the bands play; where there has been no murder for eighteen years, where divorce is unknown; where there is only one jail and that one empty;

no orphanage, no poor house, no income tax. The natives have never heard of gangsters, racketeers or alimony.

Bali is the most female spot on the face of the earth. For every three men there are seven women. "Stately and graceful as goddesses," wrote the enraptured roving reporter. "Tawny-skinned, with dark glowing eyes. Proud red mouths."

The first glimpse of fascinating Borneo caught by young Sinclair was a girl, barefooted, with jingling bangles of solid gold about her ankles. She wore a black skirt held in place by a girdle of ten-dollar United States gold pieces; a flaming red blouse fastened by a brooch of gold pieces and a white beret at a jaunty angle. The women were literally covered with gold—bracelets, anklets, brooches, earrings. All gold coin.

From Borneo he journeyed to Malaysia, where the postman crash through the jungles on elephants. Thence to Burma where women wear silks of the most gorgeous colors found anywhere on earth. And most of them have gold rings in their noses. There he saw beautiful Burmese girls decked out in gorgeous silken skirts and tight little shirt waists, fixing their raven hair, powdering their faces, puffing ponderous cigars, flirting, sleeping and occasionally listening while the priests told of Buddha's youth, when he was a prince, before he became a saint. And then the Road to Mandalay. And finally how again he returned to Canada with an aquired love for the Far East which drew him back there with irresistible magnetism.
